They will offer the following vaccinations: TDAP/HPV/MCV. **TDAP is a required vaccine for school**, and students are usually administered this vaccination after turning 11 and before entering the 6th grade. Additionally, anyone over the age of 11 can be administered vaccines at this Spring Clinic. Forms will be sent home with all 5th graders who have already turned 11. If you have a student that needs to get caught up on a vaccine, reach out to Nurse Kristen at 205-754-3443 or kbeard@universitycharterschool.org to get a vaccination consent form.

Help **Child Find** Locate Children with Disabilities

What Is **Child Find**?

Child Find is a statewide effort by the Alabama State Department of Education and the Department of Rehabilitation Services to locate, identify, and evaluate children with disabilities from birth to age 21.

How Does **Child Find** Work?

Early Intervention and Special Education Services work closely with community service agencies, parents, and local school systems to locate children with disabilities. A toll-free number is provided for parents or other persons interested in information about referring a child from birth to age 21.

Why Is **Child Find** Important?

It helps the child, the family, and the provider to plan appropriate services and link families to services for students meeting eligibility requirements in the following disability areas:

- | | |
|---------------------------|----------------------------------|
| ■ Hearing Impairment | ■ Speech and Language Impairment |
| ■ Deaf-Blindness | ■ Visual Impairment |
| ■ Intellectual Disability | ■ Specific Learning Disabilities |
| ■ Multiple Disabilities | ■ Autism |
| ■ Orthopedic Impairment | ■ Traumatic Brain Injury |
| ■ Other Health Impairment | ■ Developmental Delay |
