

**HEARING REFERRAL**  
**(Additional information)**

Dear parents,

One of the services offered by the School Health Program is a regular hearing screening. A recent screening reveals the need to take your child to the doctor for a more complete exam. The attached form in English (Hearing Referral) shows the results obtained in that exam and an explanation on the back.

Please follow these steps,

- 1) Call your pediatrician to make an appointment
- 2) Sign the attached Hearing Referral and take it with you the day of the appointment.
- 3) If you have questions or need any assistance please call the School Nurse
- 4) Return the HEARING REFERRAL with any doctor's recommendations to the School Nurse.
