

Family & Human Services Pathway

Industry Sector: Education, Child Development, and Family Services

Sierra High School strives to provide quality education that helps to grow the “whole student” in all areas of wellness: emotional, physical, mental, social, financial, and academic. In addition to housing a nationally recognized Wellness Center, our Family & Human Services Pathway provides students with the skills and knowledge to create healthy lives and communities.

To be a Family & Human Services Completer, students need six pathway classes. Two classes must be Concentrators and two classes must be Capstones. Capstone classes must be passed with a C or better. Our courses are designed to allow students to complete both A-G and CTE requirements to provide equity to students that are behind on graduation credits.

Course Offerings

- SEL: The Heart of Family & Human Services
- Mental Health & Wellness
- English 2: Executive Functioning
- English 3: Life Skills through Literature *Articulation pending*
- Proactive PE 2: Family & Human Services for Physical Health
- Family & Human Services Internship *Articulation Pending*
