

# Connect to District WiFi using macOS

1. Click the WiFi icon in the upper right hand corner

2. Select CISD-WiFi from the list

3. Upon connecting you will see a login screen. Enter your Domain credentials (First initial, last name for the “Username”). After entering your credentials, click the Login button.

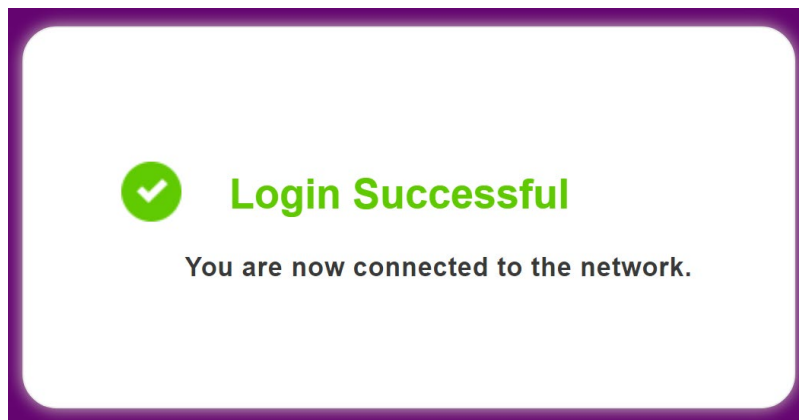

**Existing Users**

Log in for secure Internet access:

**Log In**

Logging in indicates that you have read and accepted the [Use Policy](#)

4. You should now see the Login Successful screen

If you still require assistance, please open a help Desk Ticket
