In the event there are unanticipated school closing for snow or other emergencies, two days have been added to the calendar for a total of 182 days. If any or all of these extra days are not needed, then the last day of the school year will be adjusted such that students will only attend 180 days of school. If it is necessary for additional days beyond what is built into the calendar due to snow or other emergency closings, the required days will be added to the end of the school year through June 30. If more emergency closing days are needed beyond June 30, school will be open in the following order; **April 18, 17, 16, 15, 14.**
