RE: Student Transfer

Per Board Policy FDA (Local): A nonresident student wishing to transfer to the District shall file an application for transfer each school year with the Superintendent or designee. Transfers shall be granted for one year at a time.

Included with this notification are the two documents that Poolville ISD requires for transfer consideration. These two documents can also be accessed on the district website – www.poolville.net.

- 1: 2024-2025 Transfer Student Application
2. 2024-2025 Transfer Student Expectation Agreement

Students wishing to be considered for nonresident transfer student status must complete and return both documents along with copies of student discipline history, attendance records and academic performance (report cards & state assessment reports) to the respective campus office before a consideration of transfer will be determined.

Upon approval by the transfer screening committee, students will be notified in writing of their transfer acceptance or denial.

Thank you in advance. If you have any questions, please contact the appropriate campus office.

Sincerely,

Poolville Independent School District
