**IS EMERGENCY MEDICATION TO BE ADMINISTERED DURING BUS TRANSPORTATION ON FIELD TRIP EVENTS?**

YES\*       NO

\*For **regular education** students with a prescribed emergency medication: transportation will be provided on a 'specially equipped' bus for field trip events unless parent **and** physician sign the **Waiver of Special Transportation** below.

**Parent Liability Waiver and Release of Information**

I understand that the employees of the Oldham County Board of Education to whom health services are delegated may not be licensed healthcare professionals. In the case of an emergency that requires immediate intervention at school or at a school event, employees who have been delegated health services will undertake to do their best to comply with the recommended protocols developed by the student's physician, in accordance with training conducted by a Registered Nurse. I hereby consent to the interventions of the employee in accordance with the instructions above/attached. Additionally, in accordance with KRS 156.502 and 158.383(4), I agree to hold staff members harmless for any injuries resulting from the emergency care, medication administration, or reaction to any medication administration unless the injury was caused by the Board of Education employee's negligence.

I further hereby give my consent for medical records and reports to be shared with the Oldham County Board of Education and for my child's physician, referenced above, to discuss my child's medical condition with designated District personnel to assist them in planning for my child's care while at school or at school events.

**\*Waiver of Specially Equipped Transportation and Release of Liability\***

I hereby request a waiver of special transportation for field trips during the current school year. I understand that my child is entitled to special transportation due to my child's medical condition and that special transportation has been offered by the district at no additional cost to me. I understand that declining special transportation will result in my child being transported by regular school bus unless the students are travelling by charter bus. The space limitations and configuration of bus seats on a regular bus pose additional safety risks to my child and especially if Diastat is the prescribed medication to be administered. I have evaluated the risks to my child and determined that it is in my child's best interest to be transported by regular bus.

To the extent allowable by law I, for myself, my spouse, my child and our heirs, hereby indemnify and hold harmless my child's school and Oldham County Board of Education, their members, officers, employees, agents, insurers, successors and assigns from any liability, damages, or injury sustained by my child as a result of the administration of Diastat or other Emergency Medication on a regular school bus while traveling to and from school field trips.

Parent Signature: \_\_\_\_\_ Date: \_\_\_\_\_

I have reviewed the child's medical condition and the risks associated with traveling on a regular school bus and I agree with the parent's request to waive specially equipped transportation during school field trips.
