

Joliet Township High School Food Sharing Plan

Our daily goal is to have a minimum of leftovers or no leftovers by utilizing batch cooking and offer vs. serve. At the end of the meal service hours, students are offered all items left over as a group on the sharing table to consume. Should there be an excess amount of food leftover on a given day, JTHS 204 will have a designated representative from the West Campus or Central Campus pick up the food items and deliver them to the local food pantry or food bank nearest West Campus or Central Campus.
