

COMBINATION COLLISION REPAIR 2024-25

Class Meets: Monday - Friday
Class Time: 8:00 am to 3:00 pm

Instructor: Anthony Josey
1000 hours - 9 months

Students will learn how to complete non-structural collision repair and automotive refinishing. Courses include non-structural damage analysis and minor dent repair, plastics repair, and all aspects of painting and refinishing. Students will also learn how to use various tools and to remove and install handles, moldings, trim, and bolted body parts. In addition, the student will learn to MIG weld industry-standard joints following I-CAR standards. This program also includes painting preparation, sanding processes, color matching and adjusting color, removing and installing glass, and the process of written estimates. Students will learn about hazardous materials and selecting proper personal protective equipment and maintenance. The hours completed in this program are aligned with ASE/NATEF standards. ASE certification is recommended and industry-recognized.

Tuition and fees or documentation from your funding agency are due by the first day of class each semester.
Students who are enrolled in a program for more than 10 scheduled school days will be responsible for the full semester's tuition and fees, regardless of enrollment or funding status. Out-of-district adult students will pay in-district tuition plus \$1000 for an "out-of-district" fee.
Tuition and fees will not change while a student is enrolled in the program.

FUNDING AGENCIES:

Please contact GPTC before issuing a payment for student's tuition and fees.
