Department of School Support celebrates students' success

Office of Communications

Anita W. Huggins, M.Ed.
Acting Superintendent of Schools

Vanessa L. Denney, M.Ed.
Interim Executive Director of
Communications

Charleston, SC – The Department of School Support & Community Engagement Prevention and Intervention Facilitators (DoSS PIFs) recently celebrated several students' commendable behavior and improved academic performance.

DoSS PIFs regularly support students who have been placed on CCSD Level 2 probation.

Throughout students' probation, PIFs provide crucial academic and emotional support, by offering one-on-one mentoring and guidance to students. The ultimate goal is to guide students toward positive behavioral changes, ensuring they successfully navigate the challenges they face.

The celebrations highlight students' achievements in maintaining improved behaviors and academic performance during the semester. The event was marked by joyous moments, with participants receiving recognition through pictures, balloons, flowers, and gift cards.

The DoSS PIFs are committed to working with students for their entire probation duration, fostering a supportive environment that encourages personal growth and success. DoSS continues to play a crucial role in shaping a positive and nurturing learning environment for all students in the district.

About the Charleston County School District

Charleston County School District (CCSD) is a nationally accredited school district committed to providing equitable and quality educational opportunities for all its students. CCSD is the second-largest school system in South Carolina and represents a unique blend of urban, suburban, and rural schools spanning 1,300 square miles along the coast. CCSD serves approximately 50,000 students in 88 schools and specialized programs.

CCSD offers a diverse portfolio of educational options and specialized programs delivered to the students of CCSD through neighborhood, magnet, IB (international baccalaureate), Montessori, and charter schools and programs. Rich educational opportunities for students include programs in science, technology, engineering, and mathematics (STEM); music and other creative and performing arts; career and technical preparation programs; military; dual credit; and many more.
