

PTECH BUILD

First of all, What is “*PTECH*” ?

Pathways in Technology Early College High School

- This is a New York State Education Approved Program that starts in 9th grade.
- A unique program that merges high school, college and Work Based Learning together!
- Upon completion, Students will receive their NYS Regents Diploma and a FREE associates degree from SUNY ERIE.

P-TECH BUILD – What is it?

- The PTECH BUILD program is supported by various WNY Construction Business and Industry Partners who will mentor and assist students to be industry and career ready.
- Successful P-TECH BUILD students will be first in line for an interview with one of our business and industry partners!

Who is part of P-TECH BUILD?

- JFK High School! Along with other area high schools.
- Erie 1 BOCES, Career & Technical Education
- SUNY ERIE College (ECC)
- WNY Business and Industry Partners
in the Construction Trades

PTECH BUILD Partners... and so many more!

How long are you a student in PTECH BUILD?

This is “9-14” program

- ✓ 4 years to complete the NYS Regents Diploma & up to 2 additional years to finish the associates degree in your chosen pathway.
- ✓ PTECH BUILD students are “dually enrolled” in high school and college at the same time.
- ✓ Stay on track, and most students can finish their college degree as early as 1 year out of High School!
