

P-TECH Application and Enrollment Checklist

The entire application should be completed no later than March 4, 2022

The P-TECH BUILD program is a NYS Education Approved Program that starts in 9th grade. Students attend high school and P-TECH grades 9-12, then head to SUNY Erie for the remainder of their college degree.

Students receive a seamless experience combining high school, college, and career training to graduate with a high school Regents diploma, a tuition free associate degree from SUNY Erie, and relevant industry certification.

P-TECH Application and Enrollment Checklist

Attend the virtual information session to learn more about P-TECH

Meet with your guidance counselor to prepare application
