

Cheektowaga-Sloan Union Free School District
166 Halstead Avenue, Sloan NY 14212

Friday, January 12, 2024

Dear Parents of Cheektowaga-Sloan UFSD,

As previously shared, John F. Kennedy Middle School is identified as an ATSI school for 2023-2024. As part of the improvement plan process, the New York State Education Department (NYSED) requires Climate Surveys to be provided to parents, teachers, and students.

The surveys are voluntary and will **open on Tuesday, January 16, 2024, and close on Friday, January 26, 2024**. The results will be used to continue improving practices related to the designated categories represented (Systems, Leadership, Curriculum, Instruction, SEL, and Family/Community Engagement).

For the student surveys, teachers in grades 3-12 will provide an opportunity for students to voluntarily take the surveys during the week of January 16th. The surveys should take approximately 5-10 minutes to complete.

We would appreciate it if you could please take a few minutes to complete this voluntary parent survey. We value and appreciate your input and feedback.

Please complete this survey between **Tuesday, January 16, 2024-Friday, January 26, 2024**

[Link to Parent Survey](#)- If you have multiple children in the District, you may complete more than one survey (one per child).

Sincerely,

Mrs. Janelle Finn
Assistant Superintendent
