

LEARN

TEACHING AND LEARNING

Dr. Linda T. Darcy, ldarcy@learn.k12.ct.us

Discover a dynamic educational experience through LEARN's Teaching and Learning Hub. Designed to elevate the educational journey, our comprehensive range of services embraces innovation, collaboration, and personalized instruction.

Curriculum

Provide support in curriculum writing, review, and training using the Backwards Design and Universal Design for Learning curriculum models

Instructional Technology

Design professional learning to effectively integrate technology into teaching practices

Networks, Collaboratives, & Roundtables

Facilitate discussions on best practices, emerging trends, challenges, and opportunities

Using Data in Instruction

Equip educators with knowledge and skills to harness the power of data to enhance instructional practices and optimize student learning outcomes

EQUITY IN EDUCATION

Culturally Responsive Practices

Equip educators with the knowledge and skills to better understand and incorporate students' diverse cultural background into the learning process

Curriculum Review

Assess educational materials and practices to ensure they promote fairness, inclusion, and diversity

Document Review

Examine written materials, policies, and guidelines to ensure fairness, inclusivity, and diversity in their content, language, and implementation

Increasing Educator Diversity

Offer training to hiring managers in anti-bias practice as well as provide support in creating the Connecticut mandated District Plan to Increase Educator Diversity

Strategic Planning

Create a comprehensive roadmap to promote inclusivity in all aspects of operations

INSTRUCTION & ASSESSMENT

Blended Learning Strategies

Leverage the strength of in-person and online learning to create more flexible and personalized learning experiences for students

Building Thinking Classrooms

Create learning environments that prioritize critical thinking, problem solving, and metacognition

High Leverage Tier 1 Strategies

Facilitate the use of research-based instructional strategies that focus on essential content, differentiation, and active student engagement

Instructional Coaching

Provide personalized support and feedback to educators, fostering continuous professional growth and improved teaching practices

INSTRUCTIONAL TECHNOLOGY

Digital Literacy

Navigate digital tools, assess online information critically, and promote safe and responsible digital citizenship

iChoose Success (ICS)

Designed to coach young adults towards recognizing, understanding, and developing their natural strengths as tools for exploring leadership and fulfilling professional and personal paths in their future

MULTILINGUAL LEARNER SUPPORT

Program Review & Support

Assess the educational services and supports provided to multilingual learners who are learning English as an additional language

Tier 1 Strategies

Equip educators with research-based strategies and tools to support English learners in the general classroom

TEACHER SUPERVISION & EVALUATION

TEAM

Promote excellence, equity, and high achievement for students by engaging teachers in the exploration of professional practice through guided support and personal reflection

Training and Calibration of Evaluators of Teachers and Leaders

Provide an overview of the Connecticut Guidelines 2023 for Educators, including classroom teachers, instructional coaches, and student support specialists

MISSION

As a regional educational service center, we:

- pursue equitable and just systems of education,
- build the skills and knowledge of the educational community, and
- design innovative, efficient, and effective programs, services, and solutions.

44 Hatchedts Hill Road, Old Lyme, CT 06371

VISION

To ensure that each child has access to high-quality public education and opportunities through equitable systems of education, support, and service.

We are committed to forging a better future for each learner.
