The district benefits greatly from the extensive, ongoing efforts of its Board of Directors. Meeting the requirements of Board service demands that members dedicate a considerable measure of personal time and energy to the task.

It is not possible to provide Board members with monetary compensation for the full range of their varied activities on behalf of the district. However, the statutes do allow payment for defined activities within an overall maximum amount.

ALLOWABLE COMPENSATION

Each Board member may receive compensation of fifty dollars ($50.00) per day or portion thereof for attending Board meetings and for performing other services on behalf of the district, not to exceed four thousand eight hundred dollars ($4,800.00) per year.

Such compensation will come from locally collected excess levy funds available for that purpose, and will not cause the state to incur any present or future funding obligation.

WAIVER OF COMPENSATION

Any Board member may waive all or any portion of his/her compensation for any month or months during his/her term of office by filing a written waiver with the district.

The waiver may be filed any time after the member's election and before the date on which the compensation would otherwise be paid. The waiver will specify the month or period of months for which it is made.

The compensation provided by this policy will be in addition to any reimbursement for expenses paid to such Board members by the district.
