

THE SAUGATUCK SPOTLIGHT

SES Principal's Newsletter/May 2024

A MESSAGE FROM MRS. MESSLER

It's hard to believe that there is just a little over a month of school left in this school year. While it's easy to count down the days to summer, it's also a chance to reflect and celebrate all of our students' hard work, growth, and accomplishments throughout this school year.

Spring continues to be a busy time of the year. This week brought the start of SBA testing, and we are so proud of our 3rd, 4th, and 5th graders for focusing on showing what they know. They have been working very hard! Students in grades K-2 will participate in Aimsweb benchmarking later this month.

A highlight of the spring is our Student Leadership Council's Walkathon! This week-long walking challenge brings our whole community together for a good cause. This year, our SLC has chosen to support Filling in the Blanks, a local organization that fights childhood hunger. More info to come next week.

DATES TO NOTE

- ☑ April 30-May 10: SBA Assessments for Grades 3-5

- ☑ June 4: All Ensembles Evening Concert

Kindergarten engineers at work!

MEMORIAL DAY CEREMONY

Our annual Memorial Day ceremony will take place on Tuesday, May 28 at 9:00am, outside on the turf field. SES families are welcome to join us for this community event and to listen to our grade levels sing patriotic songs in honor of our veterans and those who have given the ultimate sacrifice for our country.

This is a very special event for SES, and we hope you can join us.

REMINDERS

- When you visit SES, please make sure to go directly to the main office to be signed in. Before leaving SES, make sure to sign out in the main office, too.
- Temperatures can vary across the school- wear layers!
- Lots of lost & found items need to be reunited with their owners- please have your child check lost & found in the cafeteria.

SES gets in on eclipse mania! Thank you, Science Coach Kate Romano, for teaching all of our grade levels about this scientific event!
