BOARD OF DIRECTORS
Cheney School District No. 360

NONRESIDENT STUDENTS

Consistent with RCW 28A.225, any student who resides outside the District may apply to attend a school in the District or file the parental declaration of the intent to provide home-based instruction and enroll for ancillary services, if any. All applications for nonresident attendance or home-based instruction will be considered on an equal basis.

The Cheney Public Schools Board of Directors annually will inform parents of the inter-district enrollment options and parental involvement opportunities. Information on inter-district acceptance policies will be provided to nonresidents on request. Providing online access to the information satisfies the requirements of this policy unless a parent or guardian specifically requests information to be provided in written form. The District will not charge any transfer fees or tuition costs for enrolling eligible nonresident students.

The superintendent will develop an application form that the parent or guardian will complete to apply for the student’s admission. The form will gather information such as the child’s current legal residence, the school district where the student is currently enrolled or receiving home-based instruction, the basis for requesting release from the resident district, the specific building desired, and grade level (elementary) or course offerings (secondary) in which the student desires to be enrolled if accepted by the district.

The district must use the Standard Choice Transfer System in the Education Data System (EDS) to process those requests for student transfer enrollment into online or alternative learning experience programs or schools.

A student who resides in a district that does not operate a secondary program will be permitted to enroll in secondary schools in this district in accordance with state law and regulation relating to the financial responsibility of the resident district.
NONRESIDENT STUDENTS

Standards for accepting or rejecting an application
The superintendent will accept or reject an application for nonresident admission based upon the following standards:
1. Whether acceptance of a nonresident student would result in the district experiencing significant financial hardship (“financial hardship” does not include routine programmatic costs associated with serving additional disabled or non-disabled students);
2. Whether in the grade level or class at the building where the student desires to be enrolled has the capacity for additional students;
3. Whether appropriate educational programs or services are available to improve the student’s condition as stated in requesting release from his or her district of residence;
4. Whether the student’s disciplinary records or other documentation indicate a history of violent or disruptive behavior or gang membership (a gang means a group of three or more persons with identifiable leadership that on an ongoing basis regularly conspires and acts in concert mainly for criminal purposes);
5. Whether the student has been expelled or suspended from a public school for more than ten consecutive days, in which case the student may apply for admission under the district’s policy for readmission and reengagement of suspended or expelled students; and
7. Whether the student has repeatedly failed to comply with requirements for participation in an online school program, such as participating in weekly direct contact with the teacher or monthly progress evaluations.

Admission or denial: Notice of decision and appeal of decision
The superintendent, in a timely manner, will provide all applicants with written notification of the approval or denial of a nonresident student's enrollment application. If the student is to be admitted, the superintendent or the superintendent's designee will notify the resident district and make necessary arrangements for the transfer of student records.

NONRESIDENT STUDENTS

If the application is denied, the superintendent will notify the parent or guardian in writing within 45 days from receipt of the parent’s application. The notification will include the reason(s) for denial and inform the parent or guardian of their right to appeal the district’s denial decision to the Superintendent of Public Instruction or his or her designee as detailed in RCW 28A.225.230.

The parent or guardian may appeal the denial to the district’s superintendent or designee. Within five business days of receipt of the parent’s appeal submission, the superintendent or designee will provide the parent with a written notification of the final appeal decision to either grant or deny the student’s admittance into the district.

Children of full-time employees

   a. At the school where the employee is assigned;
   b. At a school forming the district’s kindergarten through twelfth grade continuum, which includes the school where the employee is assigned; the student remains enrolled until he or she completes schooling; or

   c. The student has repeatedly failed to comply with requirements for participation in an online school program, such as participating in weekly direct contact with the teacher or monthly progress evaluations.
