

EDISON ELEMENTARY SCHOOL Now ENROLLING

Edison Elementary is dedicated to establishing a culture of collaboration among students, families, and the community to ensure successful, self-motivated, critical-thinking students. We empower students by providing them with opportunities to grow as an individual, develop critical thinking skills, and learn a variety of skills to pursue their passion and prove their potential beyond their K-12 education.

Edison staff collaborates with each other, students, parents, and the community to ensure that we meet the academic, social, and emotional needs of our students. This is accomplished through ensuring our staff is well qualified and prepared professionally to provide a rigorous educational program, embracing differences, and celebrating successes. Edison staff works together to create a welcoming atmosphere in our school to foster trusting

relationships with students, family, and community members.

Edison Elementary Highlights:

- AVID Elementary;
- Five-time recipient of the Colorado Department of Education Center of Excellence Award;
- Breakfast in the Classroom—free breakfast for every student, everyday;
