PARENT REQUEST AND AUTHORIZATION

The medication listed above must be taken during school hours as directed by the health care provider. I grant permission to Derby Public Schools to exchange information with my child's health care provider and dispensing pharmacy identified on the medication label as deemed necessary. The medication mentioned above needs to be administered as written. I hereby request that Derby Public Schools cooperate with the prescribing health care provider and assist with the administration of medication pursuant to the BOE policy of Derby Public Schools. I also certify that my child has received at least one dose of the medication requested above and has not had any adverse reactions to it. I have reviewed the statements below and agree to abide by the Derby Public Schools BOE Policy regarding the administration of medication/procedures at school. I further release Derby Public Schools and school personnel from liability.

Student has permission to transport medication(s) to and from school.

DERBY PUBLIC SCHOOLS MEDICATION PROCEDURES

A. Under certain conditions, the school nurse or nurse-designated person may give prescribed or over-the-counter medication at school. This can be done **ONLY** if the medication is in the **original** container, the original prescription label or packaging is affixed, **AND** there is written permission from a parent/guardian **AND** orders from a licensed medical professional if it is a prescription medication. If at all possible, medication should be taken prior to coming to school or after leaving school under parental supervision. Initial dose of medication must be administered by a parent/guardian prior to being administered at school. It is the responsibility of the parent/guardian to assure that the medication and dosage in the container are the same as identified on the affixed medication label.

B. School employees who administer the medication in accordance with authorized licensed medical professional instruction, parent/guardian instructions, and BOE Policy (JGFG) shall not be liable for damages resulting from adverse reactions. In the event of an adverse reaction, the student will be treated according to standard emergency care guidelines.

C. The school staff will only be custodians of medications, and are not to be liable for the child appearing at any specific time to take the medication.

D. A log concerning the dispensing of designated medication will be kept.

E. The parent/guardian **MUST** submit a written request to the building administrator requesting the school's cooperation in administering the medication and releasing Derby Public Schools and personnel from liability.

F. Any changes in the type of drugs, dosage and/or time of administration shall be accompanied by a new authorization.
