STUDENT DISCIPLINE

Reteaching Appropriate Behaviors:

The first step when students do not meet school-wide and classroom expectations will be for school staff to reteach appropriate student expectations. Students will be encouraged to think about the outcomes of their choices and to reflect on how to choose the appropriate behavior when a similar situation occurs in the future. This might look like informal or verbal warnings from school staff.

Classroom Behavior Notes:

After reteaching student expectations, some students will continue to make inappropriate choices. Students that continue to make poor choices might be given a “Classroom Behavior Slip” by a staff member. These behavior slips are a tool for communication with both the student, parent, and staff member giving out the slip. When a slip is filled out by a staff member, a pink copy of this slip will go home for parents to discuss with their student and to send back signed to the teacher. Just like the school staff, the focus is to go back over what the appropriate student expectations are and to reteach behaviors that are appropriate.

Office Referral:

When inappropriate behaviors continue beyond reteaching, informal warnings, and classroom behavior slips, intervention from the principal or vice principal will be referred to the office using an online AERIES discipline referral. This is meant to be a last resort for most behaviors, but some actions (such as fighting, physical violence, threats of violence, etc...) will require office action as soon as possible. When this occurs, teachers will refer students to the office using AERIES and then wait for the student to be retrieved by principal, vice principal, or another administrative designee. If a student receives this kind of referral, the office will make an attempt to contact a parent or guardian regarding the inappropriate behavior and any consequences that come from it. Teachers will also be notified of any outcomes in a timely manner.

Other Important Westwood Policies

Cell Phones

Students should keep their cell phones off and in their backpacks during school hours unless they are given permission otherwise by an adult on campus. At no point is Westwood Elementary school liable for any damage to a student's cell phone.

Westwood has a three-strike policy when it comes to cell phones. If a student is using their cell phone during school hours without permission, then:

For a first offense:

Students will be given a warning and be asked to put it away

For a second offense:

Students will be asked to take their phone to the office where a parent or guardian will be asked to come and pick it up.

For a third offense:

Students will no longer be permitted to have their cell phone on campus.

Chromebooks

Each student at Westwood has a Chromebook that is assigned to them and should be handled appropriately. Each family has an opportunity to purchase a Chromebook Care Plan (CCP) to minimize costs for damages to or replacements of Chromebooks. Any damages or replacements will be assessed and then appropriately charged to student accounts by the Library Media Assistant.

Social Media

Westwood Elementary supports the use of social media for healthy interaction among students and others. Westwood Elementary does not allow impersonation or the use of its name and/or mascot in social media accounts without prior consent. Accounts using Westwood's name and/or mascot without permission will be immediately reported for banning, and students found to be responsible will be disciplined.

Westwood Elementary supports the use of social media in order to build up others and to share stories. Westwood Elementary does not allow its students to use social media as a platform for bullying. California Education Code 48900(r) states that students may be suspended for acts of bullying whether in-person or through electronic means (text messages, videos, social media, etc...). Students found to be involved in bullying behaviors on social media will be disciplined.

Hats / Hoods

Westwood students are to remove hats and hoods while inside of indoor spaces (the classroom, lunchroom, office, etc...) unless they are given permission to wear their hat or hood by a staff member. They may wear hats with the bill forward and hoods outdoors at any time.

Cafeteria / Meal Service

Starting in the 2022-2023 school year, universal free meals will be offered at no cost to any student enrolled in the Lodi Unified School District, when they are in attendance. The California Universal Meals Program will provide students access to breakfast and lunch during each school day free of charge regardless of their income or eligibility.

Breakfast is offered in the cafeteria before the start of each school day. No application is needed for meals, but we do request that you complete a Household Family Survey to help qualify your school for supplemental program funding.

All students getting food in the cafeteria must enter their ID numbers at the cashier station. Current guidelines require students to take at least 3 of the 5 components (protein, grain, fruit, veg, milk) offered and at least 1 of the 3 must be a fruit or vegetable. This enables students bringing lunch from home to add fruit, vegetables, and milk at no charge. If a student only wants milk, a la carte pricing applies and a charge of \$0.50 will apply since it doesn't meet the federally mandated meal requirements of three components minimum.

Additional or a la carte items may be available to purchase that meet the Smart Snacks in Schools regulations. Students will need to have funds available online at www.myschoolbucks.com prior to purchase. No credit allowed for a la carte items. The school office does not have access to meal account information and/or balances. All items may not be available every day at every school.

Food substitution accommodation will be considered for students with disabilities or medically documented food allergies. Families need to complete a Medical Statement to Request Special Meals form found on the Nutrition website under Menu/Diets. The form must be signed by a recognized medical authority. Return completed forms to the school cafeteria or office for review by the District Nutritionist.

Food For School Functions

Food items provided for students for any school function during the school day may not be prepared in home kitchens. Parents who wish to send treats to school must make prior arrangements with the classroom teacher. If you choose to send treats, we strongly recommend non-edible treats to address concerns for those who may have life threatening allergies. Donating a book, board game, pencils, erasers, crayons, or color pencils to the classroom in honor of your child's birthday is an excellent alternative to treats and provides a permanent remembrance.
