

Dear Parent or Guardian: With your busy schedules, we do not want to overwhelm you with multiple fundraising requests, so we are trying something new for our spring fundraiser.

We are targeting this fundraising for something that will impact all students.

Pre-pandemic, there was a start to classroom refreshes with new seating options.

The school contributes half of the funds and we have a goal of raising enough to match.

Our goal is to raise \$4000 from your contributions and the coin challenge in the classrooms that starts May 6th.

This fundraiser will go through May 23rd.

	\$10	I don't like to bake and really don't have time. Here is the money I would have spent on cupcakes or cookies
	\$20	I don't want to buy candy bars to meet a goal. Here is the money I would have spent on candy.
	\$30	I don't want to bug family, friends or co-workers to buy things they don't need and I don't want to deliver items anyways. Here is the money would have spent buying the items
	\$50	I don't have time to help, but I really want to support the AES PTO
	—	I am making this donation to express my sincere appreciation for having nothing to buy, sell, or sign-up to do except complete this form and send in money.
