HOW TO USE THE SECURE TEST APP

Before using the testing app:

Close all apps on the iPad.

- Double tap the home button (bottom) on the iPad. Swipe the apps up, and off the screen, to close them.

Hard reset the device.

- Hold down the power button (top) and home button (bottom), at the same time, and let go of them when you see an apple on the screen.

1. Open the SecureTest app.

2. When you open the app for the first time, you will need to select the state. The Assessment Program menu automatically populates. Tap **OK**.

If a student accidentally selects the wrong state, tap Return to Secure Browser Launchpad at the

3. For the actual test, you will have the students enter their first name, TSDS ID, and Session ID, from their testing ticket, on the screen in the image below. *To practice the test, tap Go to the Practice and Training Test Site.*

Note: Names with apostrophes will require a <u>space</u> in place of the apostrophe. Only letters are

permitted in the First Name entry field.
