

#ZBPRIDE

# Hello!

## Who We Are

A culturally and linguistically diverse community of which we are exceptionally proud. While we value the richness in our differences and how those differences provide an invaluable learning environment, we also share a collective sense of ZEE-BEE P.R.I.D.E. in ourselves, our schools, and our community. We are proud of the extensive academic programs our dedicated staff provides; our students' accomplishments in academics, athletics, and extra-curricular activities; and the many collaborative partnerships with our community.

## ABOUT US

### Established in 1939
