

Gateway College Preparatory School

Phase 5 Construction Overview

As of 11.22.2022

This is the final phase of construction to complete the facility Master Campus Plan for the K – 12 Gateway College Preparatory School on the 40 acres at 3360 Westinghouse Road, Georgetown, Texas.

This final phase will commence when charitable funds have been secured to start and pay for the construction. Our target date of completion is July 2026.

Elements:

Scholar-athlete's lockers and storage for the schools' outdoor athletic teams (soccer, lacrosse, baseball, softball, cross country/track & field), coach offices, training tables, strength training area and film/team meeting room

- **One Multipurpose Outdoor Field**

- **Parking Lot for Athletic Staff & Game Officials**

Questions & Answers:

Q - Why is this needed? Currently the lockers rooms in the main and auxiliary gymnasiums are used by our non-athlete P.E. classes and all school sports teams. The two existing gyms and locker rooms serve an entire K – 12 campus that is woefully inadequate for a school our enrollment size. Other public school districts with a similar enrollment size that we compete against in UIL athletic contests (such as Lago Vista, Jarrell, Salado, Burnet, etc.) have at least 6 or more gyms and locker rooms, 6 or more outdoor/indoor fields, plus a large field house for their high school teams. Even after completion of Phase 5 we will have fewer athletic resources than our UIL competitors, but we are very good at making the most of what we do have, and believe this will give us enough of what is essential to prepare and train our athletes.

Q – What about volleyball and basketball teams? Where will they be housed? The middle and high school volleyball and basketball teams will continue to use the locker rooms, film, training and storage rooms inside the main and auxiliary gymnasiums. They will continue to share these athletic facilities with the schools P.E. classes and the other extracurricular groups that occasionally use the gymnasiums.
