### SPECIAL NOTES

1. **Elementary School Contemporary/Informal Programs:** Please note that Wickliffe Progressive Elementary School is a school of choice and does not have an attendance boundary as it offers the Informal Program to students living in the Greensview, Tremont and Windermere attendance areas. Barrington Elementary School offers both the informal and contemporary instruction models to students living in that attendance area.
2. **Middle School Attendance:** Upon completion of elementary school, students attend the middle school of their residency attendance area. If students reside in the Greensview or Windermere attendance area, Hastings is the middle school of residence. Students who reside in the Barrington or Tremont attendance areas attend Jones Middle School. Upon completion of any elementary program, families have the option to go through the open enrollment process to apply to attend the middle school outside their attendance area.
3. Please note that the map and attendance boundaries are approximate. To confirm your address is in the Upper Arlington school district or to inquire about your attendance area, please call 614-487-5000.
