

ELBC Last Day of School Activities

# CLAYTON COUNTY PUBLIC SCHOOLS ELEMENTARY MATHEMATICS

## K-2

### BUILD A BAR GRAPH

Students use objects (legos, buttons, etc.) to build a bar graph.

### CHALK THE LINE

Students create a number line using chalk. Once the number line is created, find items to represent the quantity of the number.

## 3-5

### ANGLE, I SPY

Students search their area (inside or outside) for the different types of angles in the real world.

### SYMMETRY SPOTTING

Students search their area (inside or outside) for items in the real world that have symmetry.

## MAKE MATH MATTER

Make memorable Math Moments all summer long with your student. Help them to see math in our daily lives!
