Dear Saint Thomas' Community,

As we head into summer, the Headmaster Search Committee is pleased to update you on our work. We have made substantial progress in completing the position profile, initiating advertising, and beginning to review early applicants. We are encouraged by the high quality of the candidate pool attracted to this pivotal role thus far.

STE presents a compelling opportunity for the right leader who is drawn to its mission and culture. Our consultants have told us that the school's dedication to classical Christian education and commitment to nurturing honorable men and women make it a standout institution for potential candidates. STE offers a distinctive combination of qualities, with its emphasis on fostering students' well-rounded development, excellent academic, arts and athletic offerings, and dedicated faculty.

The work of the committee will continue over the summer. Our anticipated timeline is as follows:

- Continued candidate evaluation and semi-finalist interviews over the summer
- Finalist candidates' visits to campus in September
- School board's final decision on candidate selection, based on the Search Committee's recommendations, in October.
- New Headmaster start date of July 1, 2025.

We appreciate your continued support and engagement as we move closer to selecting a leader who will uphold and advance the mission and values of our beloved school for many years to come.

Yours in Christ,

The Headmaster Search Committee
