

Operational Services

Insurance Management

The Superintendent shall recommend and maintain all insurance programs that provide the broadest and most complete coverage available at the most economical cost, consistent with sound insurance principles.

The responsibility of administering the total insurance program shall be delegated to the Superintendent and administrative staff. Specifications for insurance coverage of various types will be prepared for review and approval, so that the insurance may be placed by competitive bid. Any modification of these specifications, which may, from time to time, be considered necessary because of changes in the law or substantial changes in the District's exposure values, will be brought before the Executive Board for discussion and adoption.

The insurance program shall include each of the following:

1. Liability coverage to insure against any loss or liability of the District and the listed individuals against civil rights damage claims and suits, constitutional rights damage claims and suits, and death and bodily injury and property damage claims and suits, including defense costs, when damages are sought for negligent or wrongful acts allegedly committed in the scope of employment or under the Board's direction or related to any mentoring services provided to the District's licensed staff members; Board members; employees; volunteer personnel authorized by 105 ILCS 5/10-22.34, 5/10-22.34a, and 5/10-22.34b; mentors of licensed staff members authorized in 105 ILCS 5/21A-5 et seq. (new teacher), 105 ILCS 5/2-3.53a (new principal), and 2-3.53b (new superintendents); and student teachers.
2. Comprehensive property insurance covering a broad range of causes of loss involving building and personal property. The coverage amount shall normally be for the replacement cost or the insurable value.
3. Workers' Compensation to protect individual employees against financial loss in case of a work-related injury, certain types of disease, or death incurred in an employee-related situation.

Student Insurance

The Board shall annually designate a company to offer student accident insurance coverage when a student's district of residence does not offer a plan. The Board does not endorse the plan nor recommend that the parent(s)/guardian(s) secure the coverage, and any contract is between the parents/guardians and the company.
