High School Graduation Requirements

The Board shall award a regular high school diploma to every student enrolled in the District who meets the requirements of graduation established by the District. The official transcript will indicate the specific courses taken and level of achievement.

The Board shall establish graduation requirements, which as a minimum, satisfy those established by the Board of Public Education (A.R.M. 10.55.904 and 905). Generally, any change in graduation requirements promulgated by the Board will become effective for the next class to enter ninth (9th) grade. Exceptions to this general rule may be made, when it is determined by the Board that the proposed change in graduation requirements will not have a negative effect on students already in grades nine through twelve (9-12). The Board shall approve graduation requirements as recommended by the Superintendent.

To graduate from Fergus High School, a student must have satisfactorily completed the last quarter prior to graduation as a Fergus High School student. Highly unusual exceptions may be considered by the principal, such as a student exchange program in a recognized school.

A student with a disabling condition shall satisfy those competency requirements, which are incorporated into the individualized education program (IEP). Satisfactory completion of the objectives incorporated into the IEP shall serve as the basis for determining completion of a course.

A student may be denied participation in graduation ceremonies in accordance with 20-5-201(3), MCA. In such instances the diploma will be awarded after the official ceremony has been held.
