Annual Title 1 Parent Meeting

North Thurston Public Schools

Rev August 16, 2022

Agenda

- What is Title I?
- Parent Rights under Title I
- Parent Involvement
- School Achievement Data
- Title I Funds
- Title I Parent Involvement Policy
- Home/School Compact

What is Title I?

In NTPS Title I is a K-5 program that provides additional academic support and learning opportunities for students at schools with high percentages of socioeconomically disadvantaged children. The program is intended to help ensure that all students meet state academic standards.

Goals of Title I

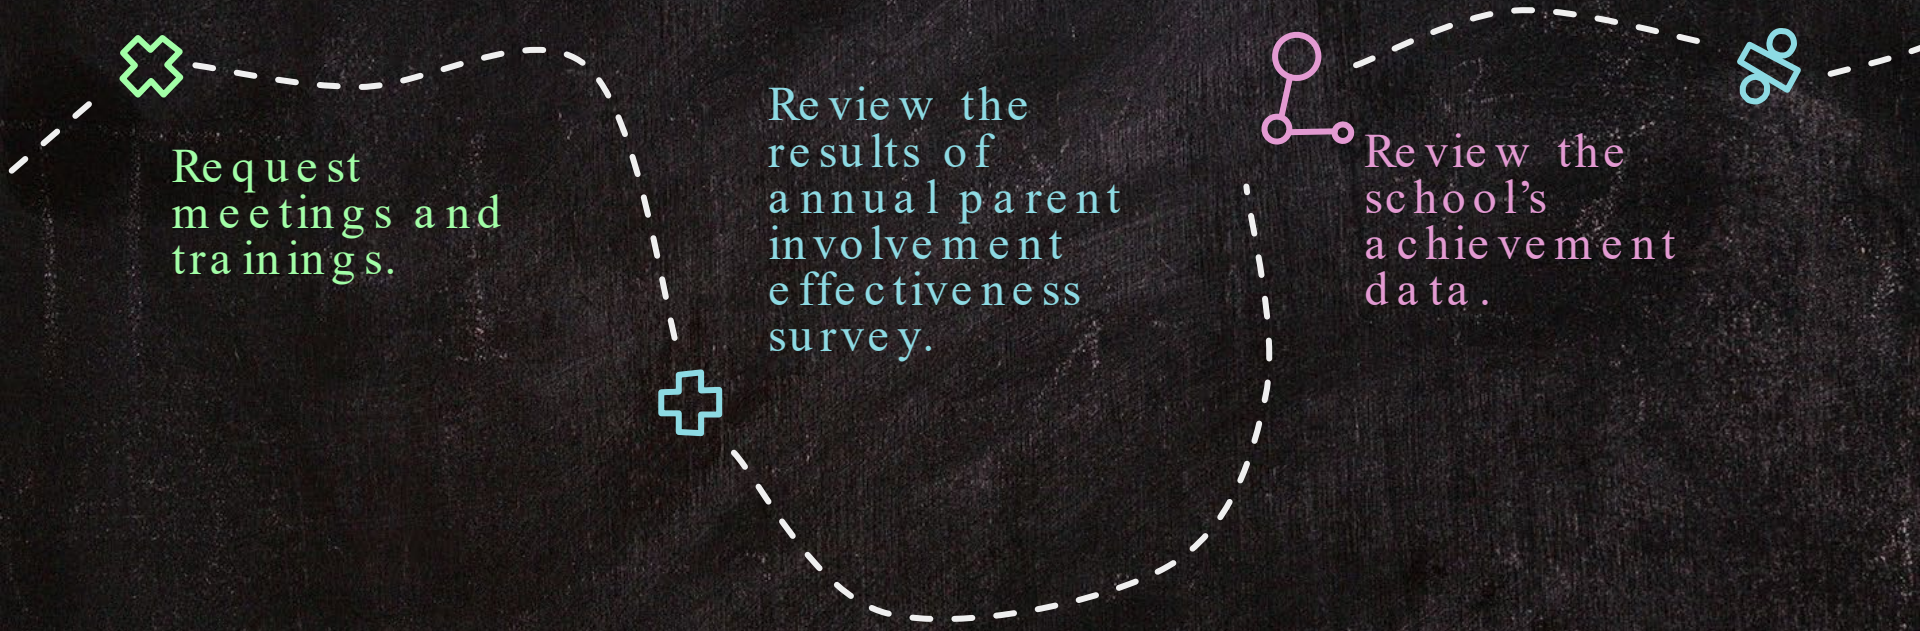

01 Increase academic achievement

02 Provide direct instructional support to students.

03 Provide professional development for teachers.

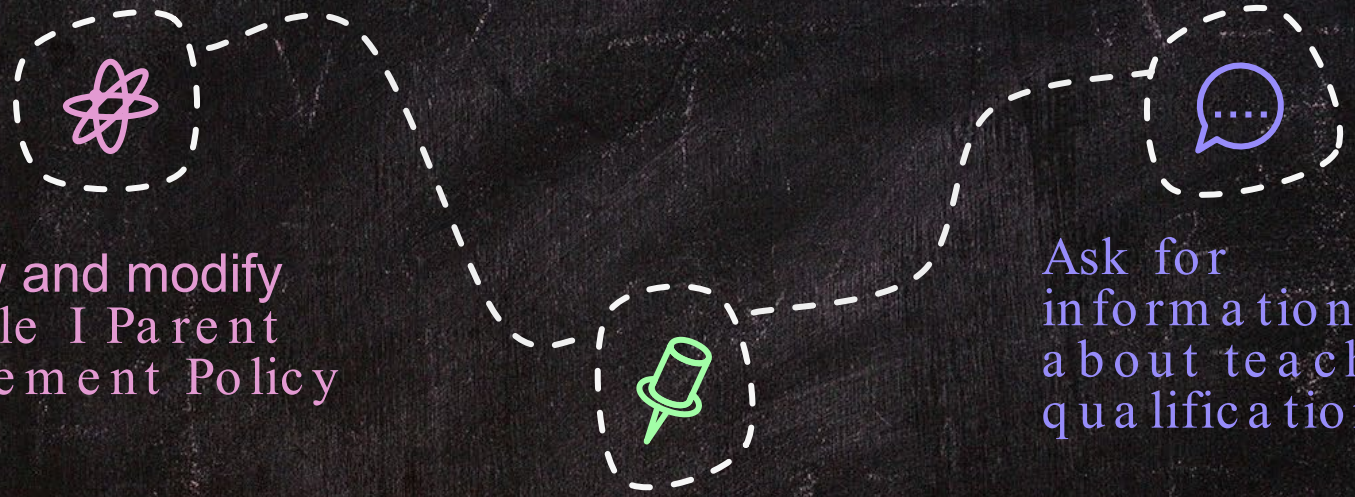

04 Promote parent education and involvement.

Parent Rights

Collaborate with your school to create the parent involvement plan.

Parent Rights

Review and modify the Title I Parent Involvement Policy

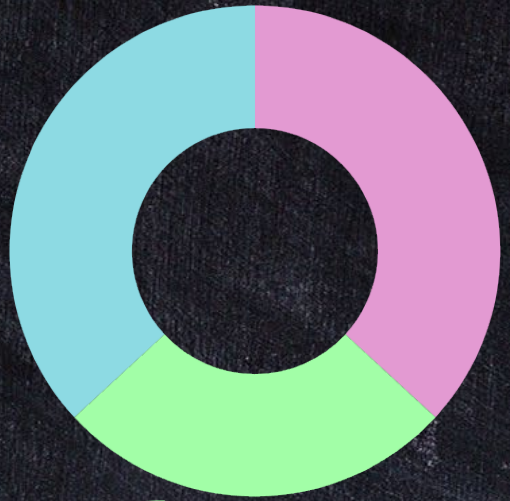

Ask for information about teacher qualifications.

File a Citizen's Complaint if rules, laws or regulations are violated

Have your questions and concerns addressed.

School Achievement Data

Schools analyze the SBA and local test results.

Schools use the data to align curriculum to state and district academic standards.

Schools adjust instructional practices based on the findings of the assessment data.

Title I Funds

1% of a school's total Title I budget is for parent involvement activities.

Funds must supplement, not supplant, district funds.

Title I Parent Involvement

Every Title I school, in collaboration with parents, must prepare a site level parent involvement policy. The Parent Involvement Policy describes how the school will involve the parents in an organized, ongoing, and timely way in the planning, review, and improvement of the Title I program at the school.

Title I Parent Involvement

How should parents be involved in their child's education?

How shall the school's parent involvement funds be utilized?

Please provide us with your thoughts and feedback!

School/Parent Compact

We are all in this together!

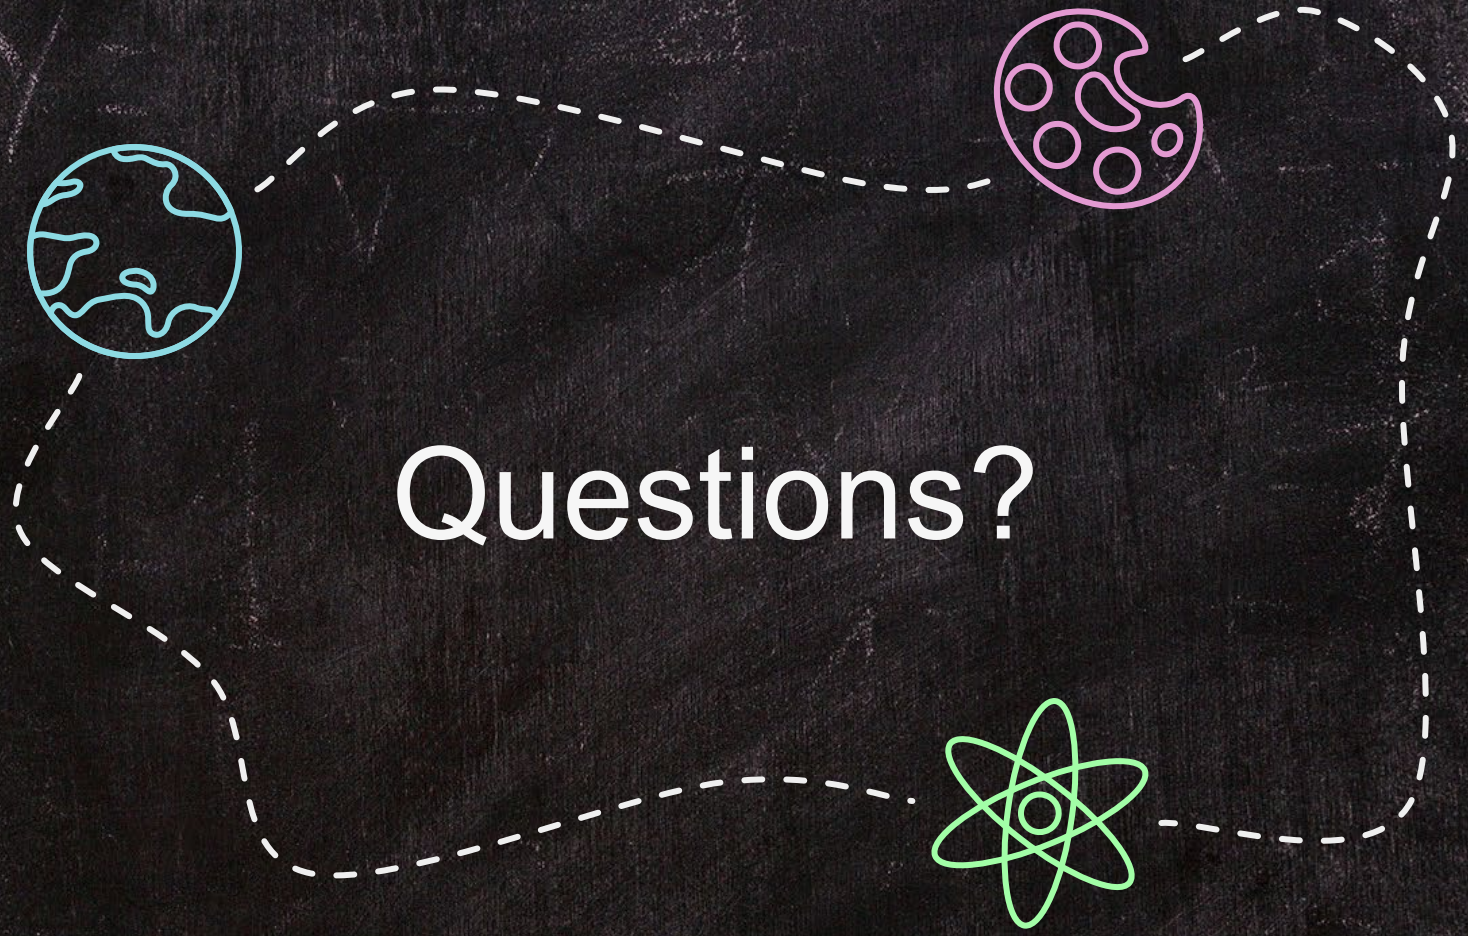

Teachers will create a climate for learning and will communicate with parents.

Students will do their best to learn.

Parents create a home climate for learning and be involved with their child's education.
