9. RECOGNITIONS

The following individuals were recognized at the board meeting.

STATE STLP CHAMPIONSHIP

Every day, students across Kentucky are utilizing digital tools to construct knowledge, collaborate, and communicate what they're learning. These innovative designers are producing digital artifacts to tell their stories and to demonstrate what skills they are developing. The Kentucky Department of Education created STLP (Student Technology and Leadership Program) as a means for students to design, make, connect and learn through technology utilization and creation of original digital content. Each year, STLP hosts a state event at Rupp Arena in Lexington. This provides students the opportunity to share the year-long projects they have worked on, get recognition for their digital products submitted virtually, compete in live competitions, and get the opportunity to explore some of the latest and greatest technology in education. Several OCS students placed 1st, 2nd, or 3rd at this year's STLP State Championship.
