**Exhibit – Student Authorization for Electronic Network Access**

Each student and his or her parent(s)/guardian(s) must sign the Authorization before being granted access. Please read carefully before signing.

All use of the Internet shall be consistent with the District's goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. This *Authorization* does not attempt to state all required or proscribed behavior by users. However, some specific examples are provided. **The failure of any user to follow the terms of the *Authorization for electronic Network Access* may result in the loss of privileges, disciplinary action, and/or appropriate legal action.** The signature(s) at the end of this document is legally binding and indicates the party who signed has read the terms and conditions carefully and understands their significance.

Terms and Conditions

1. Acceptable Use – Access to the District's electronic networks must be for the purpose of education or research and be consistent with the educational objectives of the District.
2. Privileges – The use of the district's electronic networks is a privilege, not a right, and inappropriate use may result in a cancellation of those privileges. The system administrator or Building Principal will make all decisions regarding whether or not a user has this *Authorization* and may deny, revoke, or suspend access at any time.
3. Unacceptable Use – The user is responsible for his or her actions and activities involving the network. Some examples of unacceptable uses are:
 - a. Using the network for any illegal activity, including violation of copyright or other contracts, or transmitting any material in violation of any U.S. or State law;

 - e. Using the network for private financial or commercial gain;
 - f. Wastefully using resources, such as file space and bandwidth including streaming of audio or video;
 - g. Hacking or gaining unauthorized access to files, resources or entities;

 - n. Using the network while access privileges are suspended or revoked.
4. Network Etiquette – You are expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:
 - a. Be polite. Do not become abusive in your messages to others.
 - b. Use appropriate language. Do not swear, or use vulgarities or any other inappropriate language.
 - c. Do not reveal the personal information, including the addresses or telephone numbers, of students or staff.

- d. Recognize that electronic mail (E-mail) is not private. People who operate the system have access to all mail. Messages relating to or in support of illegal activities may be reported to the authorities.

5. No Warranties – The District makes no warranties of any kind, whether expressed or implied, for the service it is providing. The District will not be responsible for any damages the user suffers. This includes loss of data resulting from delays, non-deliveries, missed-deliveries, or service interruptions caused by its negligence or the user’s errors or omissions. Use of any information obtained via the Internet is at the users own risk. The district specifically denies any responsibility for the accuracy or quality of information obtained through its services.
6. Indemnification – The user agrees to indemnify the School District for any losses, costs, or damages, including reasonable attorney fees, incurred by the District relating to, or arising out of, any breach of this *Authorization*.
7. Security – Network security is a high priority. If you can identify a security problem on the Internet, you must notify a teacher. Do not demonstrate the problem to other users. Keep your account and password confidential. Do not use another individual’s account. Attempts to log-on to the Internet as a system administrator will result in cancellation of user privileges. Any user identified as a security risk may be denied access to the network.
8. Vandalism – Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any other network. This includes, but is not limited to, the uploading or creation of computer viruses.
9. Telephone Charges – The District assumes no responsibility for any unauthorized charges or fees, including telephone charges, long-distance charges, per-minute surcharges, and/or equipment or line costs.
10. Web Publishing Rules – SEDOL does not approve of individual student or staff creation and posting of web pages under the SEDOL auspices.
11. Use of personal devices – Personal electronic devices are not allowed to access the SEDOL network unless specified in student’s IEP for educational purposes. When an IEP team agrees that educational benefit may be derived from the use of a personal mobile learning device, both student and parent/guardian must complete the “Student Personal Mobile Learning Device Agreement,” and submit it to the Building Principal/Supervisor.

4. The system administrator and Building Principals shall monitor student Internet access.

Students in SEDOL operated facilities will be provided a form from the Principal. Students attending in member districts will follow procedures in that district. *(Required if the user is a student:)*
