

## **Instruction**

### **Organization of Instruction**

The Special Education District of Lake County provides instruction for students in pre-kindergarten through age 21 in accordance with each student's Individualized Education Program (IEP).

The grouping and housing of instructional levels in school facilities shall be supported by the District's educational program developed by the Superintendent or designee in accordance with standards established by the Board.

Students, for instructional purposes, may be placed in groups within a school that do not necessarily follow grade level designations. For purposes of attendance reporting and other records, however, each student is assigned a grade-level placement.
