

5th Grade SUMMER READING

The purpose of summer reading is to encourage all students to read over the summer, to enrich learning, and provoke thought while fostering a love for reading. Variety of genres chosen by students will promote a diversity of interests within our community of learners.

Dear 5th Grade,

For this year's summer reading assignment, you will be allowed to choose your own book. The book can be fiction or nonfiction, but we do ask that you choose a book that you have not read before and something that is appropriate for your current reading level. Your book should be a minimum of 150 pages. Please complete the following assignment for the book you have chosen.

Happy reading!

Mrs. Reynolds

Making Connections

Create a one-pager to illustrate your understanding of your book. Your one-pager should be completed on unlined paper and should contain only handwritten text and drawn pictures. If you aren't familiar with one-pagers, they are simply a combination of text and artwork to demonstrate what you have learned about a particular subject. Some possible things to include could be main characters, major plot points, setting, the theme or message of the book, important quotes from the book, etc. There are also some great examples online if you need ideas to get started.

All summer reading assignments are due Friday, August 9 and will count as a test grade. I look forward to seeing you in August!
