

School Plan for Student Achievement: Evidence-Based Title I Funded Program Evaluation

Guiding Questions:

The district or Title I school allocates Title I funds to support a computer technician:

- 1) How does this position impact student learning and academic achievement?
- 2) What data are you using to drive this discussion?
- 3) If this program has helped improve student learning, what can be done to make it even better?
- 4) If this expenditure has not had a positive impact on student achievement, what will be done to modify, change, or replace it?

Goal 1

All students will make progress toward proficiency on the state adopted standards and English learners will make progress learning the English language.

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results
<p>Implement standards based reading and mathematics instruction incorporating all essential components of core instructional materials, and using supplemental materials, as defined by the reading / language arts and mathematics frameworks for California public schools and HESD ELA and Math Pacing Guides.</p> <p>Teachers will follow a curriculum pacing calendar based on state adopted standards (CCCS) created by the district Curriculum and Instruction leadership team with input from ELA and Math departments.</p> <p>Enhance the ELA, math, history and science curriculums with a virtual and augmented reality platform. This platform will allow students to view and interact with curriculum in a whole new way while providing greater engagement and understanding.</p> <p>Library Media Technician promotes regular use of literacy to enrich the school experience and encourages</p>	<p>The school implemented standards-based reading and mathematics instruction incorporating all essential components of core instructional materials, and using supplemental materials, as defined by the reading/language arts and mathematics frameworks for California public schools and the HESD ELA Pacing Guide.</p> <p>Lesson planning is aligned to the district pacing calendar and based on backward mapping of Common Core Standards, analysis of data from state, district, and site assessments, and information from weekly teacher collaboration sessions. Teachers and leadership teams use the data to inform instruction and to make decisions about reteaching small groups and any other extra supports.</p> <p>The school implemented formative assessment strategies, targeted small group instruction, and a tiered assessment system which showed Language Arts and Math growth occurring across grade levels when broken down into subgroups.</p> <p>Results from the state test from 2021-2022 and 2022-2023 show the following:</p>	<p>Based on the most recent CAASPP scores from 2023 and data from local assessments, it shows students are making gains in achievement, and in some cases are at or above pre-pandemic levels. Even though most subgroups are continuing to show gains from the 2020 COVID pandemic, there are some subgroups whose gains are not at the same level.</p> <p>Overall state test scores do not indicate a need to make significant changes to the instructional program; rather, they indicate a need to continue to build upon and strengthen the school's existing instructional programs. These past few years the school focused on rebuilding the instructional program and the school community that were in place prior to COVID. The core instructional program was fully in place.</p>	<p>The school will continue to maintain a focus on developing strong readers by providing small group instruction and depth of knowledge questioning. The school will continue to develop Math Practices by providing coaching and professional development while increasing the rigor of problem-solving skills.</p> <p>There is a need to continue to enhance ELA, math, history and science curriculum with a virtual and augmented reality platform.</p> <p>The school will continue to promote literacy to enrich school experience and encourage regular participation in library activities to develop students' literacy skills.</p>

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results
<p>regular participation in library activities to develop students' literacy skills.</p> <p>Students will have the opportunity to earn non-monetary academic awards (certificates, ribbons. etc.) based on CAASPP and local assessments in recognition of good performance. These recognitions will be done through school-wide assemblies for recognition among their peers and/or in conjunction with inviting parents to an academic parent involvement assembly.</p>	<p>ELA CAASPP: Overall: 2022: 43.52% & 2023: 40.3% African American: 2022: 25% & 2023: 17.39% Hispanics: 2022: 43.71% & 2023: 39.22% White: 2022: 50% & 2023: 55.56% English Learners: 2022: 16.24% & 2023: 10.68% SED: 2022: 41.01% & 2023: 38.39% SWD: 2022: 8% & 2023: 6.25%</p> <p>MATH CAASPP: Overall: 2022: 23.45% & 2023: 29.75% African American: 2022: 12.5% & 2023: 8.7% Hispanics: 2022: 23.88% & 2023: 30.08% White: 2022: 26% & 2023: 36.96% English Learners: 2022: 4.27% & 2023: 3.88% SED: 2022: 21.82% & 2023: 27.93% SWD: 2022: 6% & 2023: 4%</p> <p>Library Media Technician promoted regular use of literacy throughout the school year by providing library activities and competitions. Students who read the most books individually or as a class were rewarded.</p>		
<p>Core Connections Students identified as scoring in "Nearly Met," who are identified by a universal screening assessment, or who are otherwise identified by their teachers and site leadership will be enrolled in a section of Core Connections.</p> <p>The Core Connections Class will: Focus on specific skill sets that students are missing, or that have gaps Be engaging for students Be goal oriented Will provide students the opportunity to move in/out of the class based on needs/assessments Will proceed in six week cycles</p>	<p>John F. Kennedy implemented Core Connection classes to students that were identified as scoring in "Nearly Met," who are identified by a universal screening assessment, or who are otherwise identified by their teachers and site leadership.</p> <p>The school also provided reading/math intervention during the school day through the use of educational tutors and/or small group instruction.</p> <p>Attendance, progress monitoring, and assessment data are documented and actively reviewed to determine student progress. Instructional materials utilized for tutoring, ed tutors, and small-group instruction included various programs such as Phonics for Reading, Seeing Stars and</p>	<p>Overall, students are showing progress in academics since the 2020 pandemic, but some subgroups are not showing as much progress as other subgroups based on local assessment data.</p> <p>Attendance continues to be a factor since the COVID pandemic started where students missing instruction at a higher rate than they did prior to COVID. There is still a need to address the learning loss from the pandemic through tutoring and also through intervention.</p>	<p>John F. Kennedy will continue to provide additional time and support for identified students through the use of credentialed teachers and educational tutors as well as Core Connection classes.</p> <p>The school will continue to focus on small-group instruction in the coming year. The school will continue to build intervention supports for students performing significantly below grade level due to time missed from school. The school will continue to provide and support Education Tutors (paraprofessionals) during the school day to support small-group instruction and interventions.</p>

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results
	Common Core Mathematics. Our data shows students receiving interventions showed progress from pre-assessment to post assessment data.		
<p>Supplement the school's board approved instructional materials in ELA, math, science, and history/social science with a suite of digital/online tools and subscriptions that are aligned with the State standards, are accessible at school and home, are adaptive (able to remediate and/or accelerate learning), can identify and target missing skills or gaps in skills/knowledge/understanding, and that provide data on students' progress.</p> <p>Supplemental digital content through centralized services includes: IVS Computer Technology (SMART Notebook) Lexia Learning Kahn Academy Discover Education Adobe Creative Cloud for Students (SHI) Zoom School City (Illuminate)</p> <p>School Site Subscriptions Accelerated Reader</p>	Students were provided with an extensive suite of supplemental online instructional tools and materials for use at school and at home. These materials were funded as a Title I Centralized Service or through the LCAP. Data within these programs and based on CAASPP scores over the last few years showed students who are using these tools are progressing.	There is a need to continue providing these tools for students and to continue providing training for teachers in their use. School and district leadership will continue to monitor the use of these tools, and to the extent practicable, will monitor their effectiveness.	Some of these materials will continue to be provided in the coming year. School and district leadership will continue to monitor the use of these tools, and to the extent practicable, will monitor their effectiveness.
Students participate in a variety of enrichment activities that are designed to increase engagement in learning, improve background knowledge, support vocabulary development by integrating content instruction with hands-on activities. Activities may include clubs, assemblies, guest speakers, study trips, video conferences, and virtual study trips that align to grade level content and themes.	<p>Based on the School Site Council and the district-level Parent Advisory Committee, parents continue to overwhelmingly support Study Trips and other academics beyond the core program. 23-24 Parent Survey results show:</p> <p>99% of parents Agree/Strongly Agree that “In addition to English Language Arts and Mathematics, it is important for my child to have instruction in Science, History, Art, Music, and Physical Education.”</p>	While the school was able to return to many pre-pandemic activities that align to the School Plan for Student Achievement, the need to seek out meaningful video conferencing as well as virtual study trips that promote classroom curriculum and improve these student experience remains.	The school will continue to enhance enrichment activities based on staff and Educational Partner feedback. The school and district will continue to include Study Trips as part of the students' learning process. The school will continue to seek out meaningful virtual and video experiences to enhance student learning of grade level content.

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results
	<p>99% of parents Agree/Strongly Agree that “It is important for my child to attend academic Study Trips that are aligned with classroom instruction including travel to museums, zoos, state and national parks.”</p> <p>The district and schools will continue with clubs, guest speakers, and study trips for each grade level, enhancing the student learning experience outside the classroom.</p>		
<p>Integrated ELD (Core Program ELD/EL Support) The foundation of the district’s support for English learners are its integrated and designated English language development instruction programs. These are the district’s core ELD programs. ELD instruction and EL support in academic content areas will be provided to all EL students using the state adopted core and ancillary materials ensuring that English learners are receiving language instruction that supports access to the state-adopted content standards in ELA, mathematics, science, and history social science.</p> <p>EL Students are supported across the school day in all content areas. English learners in Hanford Elementary are referred to as ELITE because being an English learner, knowing two languages and working toward becoming bilingual and biliterate, is considered an asset rather than a handicap.</p> <p>Integrated ELD:</p> <ul style="list-style-type: none"> • Includes intentional supports and scaffolds that happen by design • Is planned in advance as part of the lesson to eliminate barriers to learning 	<p>The components of Integrated ELD are in place across all classrooms: EL Students are supported across the school day in all content areas. The percentage of English Learners showing progress based on the CA Dashboard is: 2022: 58.7% & 2023: 83.5%</p>	<p>English learners receive language instruction supporting access to the state-adopted content standards in ELA, mathematics, science, and history/social science. Teachers document the progress of EL students using the district’s EL rubric forms.</p> <p>Overall state test scores do not indicate a need to make significant changes to the instructional ELD program; rather, they indicate a need to continue to build upon and strengthen the school’s existing ELD programs.</p> <p>ELA CAASPP: Overall: 2022: 43.52% & 2023: 40.3% English Learners: 2022: 16.24% & 2023: 10.68%</p> <p>MATH CAASPP: Overall: 2022: 23.45% & 2023: 29.75% English Learners: 2022: 4.27% & 2023: 3.88%</p>	<p>The school will continue to implement integrated ELD in the coming year.</p> <p>The Director of Curriculum (ELs) at the district level along with the school site learning director will continue to monitor the implementation of integrated ELD and the progress of EL students.</p>

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results
<ul style="list-style-type: none"> • Often includes a preview or pre-teach to build background knowledge for the topic • May include small group • Provides connections to what students already know • Often includes hands on activity and discussion (with language supports as needed) • May include the use of charts and graphic organizers <p>Provide all EL students with ELD instruction and EL support using the State adopted materials. This is the district's core program of integrated ELD.</p> <p>ELD instruction and EL support in academic content areas will be provided to all EL students using the state adopted core and ancillary materials ensuring that English learners are receiving language instruction that supports access to the state-adopted content standards in ELA and mathematics.</p> <p>A Director of Curriculum (English Learners), working at the district level and funded with LCFF, provides leadership and monitoring of the district's integrated and designated ELD programs. The Director of curriculum works with school site principals and learning directors ensuring that implementation of ELD is in place and that teaching staff receive professional development in ELD instruction. The Director of Curriculum develops, implements, supervises, and monitors all activities funded with Title III.</p> <p>A learning director at each school site,</p>			

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results
<p>funded with LCFF, provides leadership and monitoring of ELD instruction at the school site level. Learning directors ensure that both integrated and designated ELD are in place and are effective. Learning directors provide leadership and support to teaching staff in identifying EL students requiring interventions. Learning directors monitor the implementation of interventions at their sites. Learning directors, working with the Director of Curriculum, assess the ELD professional development needs of their individual school sites, and, working together, implement PD that is targeted to individual school sites' needs.</p>			
<p>Designated ELD (Core Program)</p> <p>EL students are provided with consistent, effective, research-based designated English language development instruction that is carefully planned and explicitly taught; that includes opportunities to develop fluency through authentic oral and written practice; that includes activities with language beyond students' current level of proficiency; and that is specifically targeted to students' English proficiency levels. Students will receive ELD instruction at their English language development level during the ELD instructional block. Each school will implement a 30-minute block of time each day for English language development instruction. The district leadership team will monitor and provide technical assistance and professional development for the implementation of ELD at school sites. Students' ELD level will be appropriately and promptly identified. District level leadership team will provide school sites with professional</p>	<p>Teachers are implementing designated ELD in their classrooms for 45-minute periods four days a week. Students are strategically grouped to enhance the learning of the English language in reading, writing, speaking and listening. The percentage of English Learners showing progress based on the CA Dashboard is: 2022: 58.7% & 2023: 83.5%</p>	<p>Students receive 45 minutes of ELD instruction at their English language development level during the ELD instructional block. Teachers document the progress of EL students using the district's EL rubric forms.</p> <p>Overall state test scores do not indicate a need to make significant changes to the instructional ELD program; rather, they indicate a need to continue to build upon and strengthen the school's existing ELD programs.</p> <p>ELA CAASPP: Overall: 2022: 43.52% & 2023: 40.3% English Learners: 2022: 16.24% & 2023: 10.68%</p> <p>MATH CAASPP: Overall: 2022: 23.45% & 2023: 29.75% English Learners: 2022: 4.27% & 2023: 3.88%</p>	<p>The school will continue to implement designated ELD in the coming school year. The Director of Curriculum (ELs) at the district level along with the school site learning director will continue to monitor the implementation of designated ELD and the progress of EL students.</p>

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results
<p>English Learner Schedule Check Once Each Trimester: The school site will ensure that every English learner at the school site is enrolled in a section of Designated ELD. The school site Learning Director will match/compare a list of all English learners enrolled at the school site to a list of English learners enrolled in a section of Designated ELD. This is done to ensure that every EL student at the school site receives both designated and integrated ELD. (Integrated ELD is delivered by core/classroom teachers and is "integrated" into daily lessons.)</p> <p>If during this process, an EL student is found not to be enrolled in a section of designated ELD, the learning director will enroll the student in a section of ELD within three days (giving the site time to notify the parent of the student's schedule change.)</p> <p>The Learning director will turn these checklists in to the district office Director of Curriculum, ELs each trimester by the date listed on the District Accountability Deadlines publication.</p>	<p>School site Learning Director matched/compared a list of all English learners enrolled at the school site to a list of English learners enrolled in a section of Designated ELD. This is done to ensure that every EL student at the school site receives both designated and integrated ELD. These checklists were turned in to the District Office each trimester.</p>	<p>School will continue to match/compare a list of all English learners enrolled at the school site to a list of English learners enrolled in a section of Designated ELD each trimester to ensure that every EL student at the school site receives both designated and integrated ELD. These checklists will continue to be turned in to the District Office each trimester.</p>	<p>School will continue to match/compare a list of all English learners enrolled at the school site to a list of English learners enrolled in a section of Designated ELD each trimester to ensure that every EL student at the school site receives both designated and integrated ELD. These checklists will continue to be turned in to the District Office each trimester.</p>

(Note: Please do not include non-Title I funded activities in the evaluation).

School Plan for Student Achievement: Evidence-Based Title I Funded Program Evaluation

Guiding Questions:

The district or Title I school allocates Title I funds to support a computer technician:

- 1) How does this position impact student learning and academic achievement?
- 2) What data are you using to drive this discussion?
- 3) If this program has helped improve student learning, what can be done to make it even better?
- 4) If this expenditure has not had a positive impact on student achievement, what will be done to modify, change, or replace it?

Goal 2

The school will support teachers and staff with professional development, training, and collaboration time.

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results
<p>Teachers and administrators will participate in district professional development and site based systematic professional development. Teachers will receive professional development that is specific to the needs of the school site. This is determined by site leadership observations and input from teachers at the school site.</p> <p>Teachers are provided with collaboration time on student early release days.</p> <p>Teachers will understand and effectively implement the collaboration protocol used in a professional learning community.</p> <p>Teachers analyze student achievement data from district and site based assessments and use this information to plan instruction and intervention, to identify students for intervention, and to group students for instruction and intervention.</p> <p>Data will be disaggregated to show overall performance as well as performances of significant subgroups (including ELs).</p>	<p>Professional development days across the school and district continued to be effective as per previous teacher surveys that indicate overwhelmingly teachers are benefiting from the various PD sessions offered.</p> <p>Teachers continued the collaboration practice each Wednesday along with the administration.</p> <p>Teachers, along with our leadership team, continued to review and analyze data, and plan the next steps for whole-class and small-group instruction. Additionally, PD was provided by the learning director to teachers, to research, review and determine supplemental resources needed to support students.</p>	<p>There is a need to assess/reassess staff professional development needs after several years of pandemic-related disruption. There is a need to continue providing staff with professional development in the school's social-emotional learning programs, small group instruction, and effective teaching practices to meet the diverse needs of our student population.</p>	<p>The school will assess/reassess staff professional development in the coming year based on the needs of staff and students.</p> <p>The school will continue to maintain a focus on developing strong readers, writers and mathematicians, through ongoing professional development in small group instruction, depth of knowledge questioning and use of RACE strategy.</p> <p>The school will provide staff with professional development in the use of Social Emotional Learning data platforms and in analyzing data.</p>

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results
<p>Results may include grouping, planning, observing a colleague, and/or coaching support based on identified needs.</p> <p>As needed (based on data) coaching will include focus on EL strategies.</p>			
<p>A professional development team consisting of a curriculum specialist in English language arts, and five instructional coaches provide high quality, research-based professional development to teachers and administrators. Instructional coaches specialize in reading, writing, mathematics/science, the integration of technology into the instructional program, and the development digital literacy skills to improve academic achievement</p> <p>Decisions are made regarding the types of professional development that will be delivered based on analysis of data including student achievement data, site leadership, and teacher input. These include, but are not limited to whole-group professional development, in-class coaching, coaching during weekly collaboration, lesson development and planning, backward-mapping, and analysis of formative and summative student achievement data. The professional development team provides training and professional development specifically designed to improve the academic achievement of English Learners</p>	<p>The instructional coaches provided professional development services to schools/teachers. Instructional coaches also provided coaching to some teachers at the school site per need.</p>	<p>There is a need to assess/reassess staff professional development coaching utilizing our team of instructional coaches after several years of pandemic-related disruption. There is a need to continue providing staff with coaching around the core subject areas.</p>	<p>The school will assess/reassess staff professional development coaching in the coming year based on the needs of staff and students.</p> <p>The team of instructional coaches will continue to provide professional development to teaching staff in the coming year.</p>
<p>The district will operate a CTC accredited new teacher induction program with two full-time, full-release induction coaches. New teachers will receive induction support for two years and will clear their credentials through the induction program. Beginning with</p>	<p>The Induction program served new teachers during the school year. New teachers in the induction program received coaching and professional development leading to the clearing of their credentials.</p>	<p>The addition of universal transitional kindergarten and the change in age requirements has the potential to add to the number of new teachers in the district. This may increase the caseloads of induction coaches.</p>	<p>The district will continue to operate a CTC-accredited new teacher induction program with two full-time, full-release induction coaches. New teachers will receive induction support for two years and will clear their credentials through the induction program.</p>

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results
the 2018-2019 school year, the district will implement a Clear Administrative Services Credential Induction Program (CASC) for new administrators.			The district will continue to support new administrators with a Clear Administrative Services Credential Induction Program (CASC) in the coming year.

(Note: Please do not include non-Title I funded activities in the evaluation).

School Plan for Student Achievement: Evidence-Based Title I Funded Program Evaluation

Guiding Questions:

The district or Title I school allocates Title I funds to support a computer technician:

- 1) How does this position impact student learning and academic achievement?
- 2) What data are you using to drive this discussion?
- 3) If this program has helped improve student learning, what can be done to make it even better?
- 4) If this expenditure has not had a positive impact on student achievement, what will be done to modify, change, or replace it?

Goal 3

Students will learn in a safe, well maintained school where they are supported, engaged, and connected to their school.

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results
<p>Provide all students with activities to promote good attendance, strong character and good behavior.</p> <p>Rewards will be purchased for school attendance, and other culture/climate activities that will be school community.</p> <p>JFK will improve its attendance on a monthly basis due to the rewards and activities that will be present throughout the school year</p> <p>Digital Subscription for attendance/behavior tracking</p> <p>Site leadership monitors Behavior data</p> <p>Attendance data from Child Welfare and Attendance</p> <p>Provide students with a series of structured activities during the brunch and lunch breaks that are designed to increase student engagement, develop students' connection to school, reduce discipline incidents, and support the instructional program. These activities will consist of structured games,</p>	<p>The school focused on rebuilding the school community and the instructional program as both of these were significantly affected over the past few years by the pandemic.</p> <p>Providing all students with activities to promote good attendance, strong character, school pride, and good behavior was an important part of rebuilding the school community. The school implemented the activities listed in the action. Absenteeism rates continued to be affected by the COVID pandemic and are not an accurate reflection of the effectiveness of the school's programs.</p> <p>Suspension numbers have remained relatively similar to past years.</p> <p>Teachers provided clear classroom expectations, taught those expectations, and had a school-wide reward system to reinforce positive behaviors. Teachers monitored daily attendance with a daily perfect attendance chart and created classroom environments that encouraged students to be at school daily.</p>	<p>The COVID pandemic continued to have a significant impact on the school's absenteeism rate as well as students' social-emotional learning which affected behaviors more than pre-pandemic. Despite these challenges, the actions were well implemented during the school year. There is a need to continue supporting students with activities to promote good attendance, strong character, school pride, and good behavior.</p> <p>There is a continued need to address student discipline, behavior, and social-emotional needs.</p>	<p>The school will continue to analyze attendance and behavioral data to support students with activities to promote good attendance, strong character, school pride, and good behavior.</p>

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results
<p>competitions, performances etc. and will be both social and academic and will be supported with personnel, supplies, materials, and rewards/awards. This includes possible use of online data subscription for tracking such as Fitness Finders.</p> <p>Strong Evidence--See: https://whytry.org/research/ https://whytry.org/wp-content/uploads/ResearchSummaries_Extended.pdf</p>	<p>Administration and support staff monitored student attendance and discipline and provided students with targeted supports. Behavior data was used to provide students with targeted intervention.</p> <p>Progress was monitored and the school site team collaborated to analyze disciplinary data and planned activities that addressed student needs and promoted positive behaviors.</p>		
<p>Identify students with attendance or behavior challenges and provide them with additional support.</p> <p>a) Provide Leadership and Character Intervention for identified students. Students identified as needing behavior support will be provided with additional support that includes weekly meetings with the school leadership and counseling staff along with reward activities when they meet behavior benchmarks. Students earn rewards for classroom participation, improved work habits, and behavior.</p> <p>b) Implement an evidence based, social emotional learning program for high needs students that is designed to improve: Locus of control Ability to set and achieve goals Relationships with teachers and fellow students Classroom engagement Attendance records Academic performance Behavioral and Emotional Screening System (BASC) scores</p> <p>Strong Evidence--See: https://whytry.org/research/ https://whytry.org/wp-content/uploads/ResearchSummaries_Extended.pdf</p>	<p>The action was effective with identified students receiving the supports discussed in the previous column. Support Team and staff met regularly to address needs and provided support.</p> <p>Staff and support staff implemented an evidence based, social emotional learning program to support students with the highest need.</p>	<p>There continues to be students needing Tier 2 and 3 supports. There is a need to continue providing school staff with professional development in the analysis of student data to provide additional supports for attendance and behavioral challenges.</p> <p>Absenteeism rates continued to be affected by the COVID pandemic and are not an accurate reflection of the effectiveness of the school's programs.</p>	<p>The school will continue to support Tier 2 and 3 students. The school will provide school staff with professional development in the analysis of student data to provide additional supports for attendance and behavioral challenges.</p>

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results
Extended.pdf			
<p>Implement a social/emotional course of study that supports students and staff in order to acquire and apply the knowledge, attitudes, and skills to manage emotions, set and achieve positive goals, feel and show empathy for others, establish and maintain positive relationships with peers and adults, and make responsible decisions. Improved social/emotional skills and decision-making will lead to an increase in academic achievement. The social-emotional learning (SEL) system will be designed to help leadership, staff, and students strengthen their social-emotional skills and create a positive and supportive school climate. This will also include increasing the neighborhood-to-school connection to build school pride and encourage a positive school community.</p> <p>Implement an evidence-based, social-emotional learning program for all students that is designed to improve:</p> <ul style="list-style-type: none"> Locus of control Ability to set and achieve goals Relationships with teachers and fellow students Classroom engagement Attendance records Academic performance <p>Implement Panorama as our SEL platform to help monitor the need for SEL support</p> <p>Strong Evidence--See: https://whytry.org/research/ https://whytry.org/wp-content/uploads/ResearchSummaries_Extended.pdf</p>	<p>Staff and support staff implemented an evidence based, social emotional learning program to support all students social/emotional learning throughout the school year.</p> <p>Panorama was used as our SEL platform to gather and monitor data to determine needs for SEL support.</p>	<p>There continues to be a need to support all students with their social/emotional learning on campus in order to acquire and apply the knowledge, attitudes, and skills to manage emotions, set and achieve positive goals, feel and show empathy for others, establish and maintain positive relationships with peers and adults, and make responsible decisions. There continues to be a need to improve social/emotional skills and decision-making that will lead to an increase in academic achievement and create a positive and supportive school climate.</p>	<p>The school will continue to implement a social/emotional course of study that supports students and staff in order to acquire and apply the knowledge, attitudes, and skills to manage emotions, set and achieve positive goals, feel and show empathy for others, establish and maintain positive relationships with peers and adults, and make responsible decisions to increase student achievement and build positive school culture.</p>

(Note: Please do not include non-Title I funded activities in the evaluation).

School Plan for Student Achievement: Evidence-Based Title I Funded Program Evaluation

Guiding Questions:

The district or Title I school allocates Title I funds to support a computer technician:

- 1) How does this position impact student learning and academic achievement?
- 2) What data are you using to drive this discussion?
- 3) If this program has helped improve student learning, what can be done to make it even better?
- 4) If this expenditure has not had a positive impact on student achievement, what will be done to modify, change, or replace it?

Goal 4

Communication between schools and home will be regular and meaningful.

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results
<p>Plan, organize and implement parent involvement activities that address expressed parent needs Parents will be involved in workshops and various activities that focus on showcasing student work, grade level standards and how to assist their students with homework that is supportive of their learning. Use parent square to keep parents informed of upcoming events and activities.</p> <p>Site leadership monitors Meeting Announcements Meeting Sign-in Parent Evaluation of the events Track number of parents who attend the events Teacher feedback SSC/ELAC Feedback</p>	<p>The school was able to bring back and offer outreach activities that were suspended in prior years including parent workshops, academic nights, Paint Night, Movie Night and Gallery Night. Parent Square, an online outreach platform, is a crucial part of parent communication and allowed staff to stay in constant communication with families. The school used parent newsletters to communicate with families about school activities and ways parents can become involved.</p> <p>Input was gathered from parent and staff surveys as well as feedback from School Site Council meetings to plan parent workshops and parent involvement nights this school year.</p> <p>Based on the 2023-2024 District Parent Survey:</p> <p>92% Agree/Strongly Agree with the statement "I have been given suggestions/ideas to use at home to help my child meet grade-level standards in English Language Arts and Math."</p>	<p>There will be a need to continue working to rebuild the school community and the instructional programs. There will be a continuing need to provide parents and families with support, training, and a sense of community with their school by offering a greater variety of on/off campus participation events.</p>	<p>The school will continue to develop, deliver, and work to expand parent education, parent involvement and training opportunities for families and students. The school will continue to develop and educate parents/staff on the usage of ParentSquare as this communication tool is still relatively new. The school will continue to include teacher/staff/parent input into parent involvement and outreach activities.</p>

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results
	<p>98% Agree/Strongly Agree with the statement: "I receive information about my child's progress in the classroom."</p> <p>97% Agree/Strongly Agree with the statement: "The Parent/Teacher conference was help to me in understanding my child's progress towards meeting English Language Arts and Math Standards."</p> <p>97% Agree/Strongly Agree with the statement: "When I have questions about my child's work, I can ask for clarification and assistance from my child's school."</p> <p>98% Agree/Strongly Agree with the statement: "I receive adequate information regarding parent meeting/activities such as School Site Council, English Learner Advisory Committee, Parent Workshops, Back to School Night, and Parent Educational Presentations."</p> <p>The school's parent/teacher conference attendance rate was: 99.8%</p>		
<p>A variety of methods will be used to inform parents on the progress their child is making towards the rigorous standards of California.</p> <p>All parents have access to the Synergy ParentVue software and can use this program to track their child's grades, assignments, class schedule, and attendance</p> <p>Once each trimester Progress report sent home midway through trimester Report card sent home at end of trimester</p> <p>Parent conferences are to be held in November with every JFK student. The discussion will be led by the teacher and cover classroom performance,</p>	<p>All parents have access to the Synergy ParentVue software and can use this program to track their child's grades, assignments, class schedule, and attendance. School sends home progress reports of student's progress midway through each trimester and a report card sent home at the end of each trimester.</p> <p>The school's parent/teacher conference attendance rate was: 99.8%</p>	<p>Parent's still need to be educated in using the Synergy ParentVue software to progress monitor student's grades, assignments, class schedule and attendance.</p>	<p>The school will continue to support parents in having access to the Synergy ParentVue software and remind them to use this program to track their child's grades, assignments, class schedule, and attendance. The school will continue to send home progress reports of student's progress midway through each trimester and a report card sent home at the end of each trimester.</p> <p>The school will continue to hold parent teacher confereces with every student enrolled in JFK at the end of trimester one.</p>

Goal 5

Actions/Activities	What is working & why? (Effective indicators)	What is not working & why (Ineffective indicators)	Modification(s) based on evaluation results

(Note: Please do not include non-Title I funded activities in the evaluation).

Sample Guiding Questions

Sample guiding questions to determine the use of Title I funds to address the academic needs of Title I students, particularly those at risk of not meeting state academic content standards:

1. Will this be a program based upon a thorough and comprehensive assessment of student needs?
2. Will this program provide direct services to students?
3. Is it reasonable and necessary to use Title I funds to address this issue (is it something that cannot be provided through unrestricted funds)?
4. Is this the best use of a limited categorical resource?
5. Is this allowable and allocable?
6. Is this an evidence-based intervention designed to improve academic achievement for at-risk students? How do you know?
7. How and to what extent does this directly impact student learning, increase academic achievement, and close the achievement gap?
8. How will the use of funds be monitored and evaluated for effectiveness?
9. Is it approved by SSC and described in the SPSA for site funds and approved by the district for district funds?
10. For personnel, are Time and Effort Records kept to document the hours worked showing direct services to students?

If the LEA and schools allocate Title I funds to fund this program, the burden of proof should include evidence that the resources contributed to academic achievement for all students, particularly Title I students who are at risk of not meeting academic standards. These guiding questions are based on the current CE Instrument.
