

## Flagler Schools Transition to Kindergarten 2024-2025

Welcome to Flagler Schools and Kindergarten! We are excited to see you joining us for the upcoming school year! A couple quick items to help you navigate entering Kindergarten:

- Please contact the school registrar to schedule a date and time to come in and register your new student.
- When you arrive at campus, among the other items required for registration, please have your child's report card or progress report from their VPK school and a copy of the Renaissance STAR Report. This will assist with placement.
