

WFPS AUTHORIZATION FOR VIEWING A MOVIE

It is our practice in West Fargo Public Schools to gain explicit active written permission from parents/guardians prior to showing movies or clips of movies with a rating higher than the given age of our students. This includes a PG rated movies and up for elementary, PG-13 rated movies and up for grades 6-7, and anything more restricted for grades 8-12.

We are learning about _____
in our classroom, and as educators, we'd like to enhance the learning experience by providing our learners with the opportunity to view:

The movie: _____ rated: _____
length: _____ in it's entirety as a class reward.

During the viewing of this video, learners will be asked to _____

and we will follow up with _____
in the classroom.

Anytime a full movie is shown with a rating above what is granted for the grade level range, permission must be collected from families:

I, the undersigned parent or legal guardian of _____
grant permission for my child or ward to view the movie described as indicated above.
