## Spotlight on Exes...

### Howard Donald (Don) Garrison

The New Bald Eagle Email Newsletter travels to Bullard, Texas to check in on our distinguished HHS Graduate of 1948...Don Garrison. In 1954, Don married Betty Wessel out in Pasadena, California, and they were blessed with children, Pamela, Ronald, Richard and Patricia.

After 21 years of service in the US Air Force, including 11 deployments, Don entered civilian life as a public-school administrator, continued as a university professor, along with being an industrial business owner...let's go ahead and add having a timber farm and being in land development to his business resume.

In high school, Don participated in football and baseball along with serving in the Future Farmers of America (FFA).

He attends the Methodist Church, serving on various boards and committee positions. But very few can say that they have been a Sunday School Class teacher for fifty years, but Don can say that!

One would think that a career-minded person who is dedicated to also serving his church wouldn't have time for much else, but Don didn't stop there. As part of his outreach to his community, he was an IRS tax aide, a widowed person's counselor, participated in a crisis center, and was the Grief and Loss President.

Don was a member of Rotary and was the President of his Home Owners Association. He not only belongs to the Texas Retired Teachers Association, but he has held various positions within that organization.

For over sixty-five years, he has belonged to the fraternities of the Masonic Lodge and Shrine. Other honor societies and professional organizations include: Phi Kappa Phi, Iota Lambda Sigma, Sigma Tau Epsilon, and Phi Delta Kappa.

His other interests include Whose Who Training and Development, Manufacturing Engineers, and the Industrial Technology Association.

And in his SPARE TIME, Don enjoys camping, hunting, fishing, hiking, boating and 4-wheeling. Going back to the opening paragraph where it says that Don has four children, is there any doubt that he was also a Little League baseball and Pee Wee football coach!

Are we proud of Don Garrison, Class of 1948? We absolutely are! His life story is amazing and leaves us wondering what does he like best about his legacy...and he will tell you that his most loved positions are husband, father of wonderful children, and proud grandfather!

Want to get in touch with Don Garrison and congratulate him...Don Garrison, 12850 FM 344 West, Bullard, TX 75757, or email him at [hdgarrison322@gmail.com](mailto:hdgarrison322@gmail.com)
