

#### Quarterly Executive Summary Conway High School Track Renovations and Lighting Q1 2018

HCS Project Manager: Jason Hardee Principal: Lee James Architect/Engineer: **DN Engineering** Contractor: Wade Lott Project Scope: The work at Conway High School includes complete repaying and striping of the existing athletic running track, relocation of jump events, adding a pole vault event, installation of track drainage, and the addition of track lighting. The track and lighting are complete. This will be the final update on this project. Current Status: Budget: Original Budget: \$500,000.00 Board Approved Date: 12/15/2014 \$700,000.00 Current Budget: Budget Issues: All bids received exceeded the original budget. Additional overage included items that were later requested by the school as well as pricing escalation. Additional funds needed were obtained from the Sustainment / Upkeep funds. Schedule: Design: Completed Solicitation: Completed Construction: Completed Substantial Completion: Completed **Schedule Issues:** The land surveyor discovered concerns with the existing grades of the track prior to construction which required a slight redesign to avoid drainage problems. This, followed by the October 2015 interruption from Hurricane Matthew, contributed to delays in the construction efforts. A required proof roll test of the subgrade prior to paving subsequently failed due to excessive saturation of subsoils, as the entire track was completely under water during the hurricane. The engineer, special inspectors, and the contractor worked together to develop a viable solution to this issue which was implemented. HCS is also pursuing FEMA reimbursement for the damages related to the hurricane. Event markings are the only remaining work, which will be completed as soon as weather permits.

**Achievements:** The school's request for several added improvements have been honored.

#### Quarterly Executive Summary Additions & Renovations - Midland Elementary School Q1 2018

**Jennifer Parker** HCS Project Manager: **Jason Hardee** Principal: Pike-McFarland-Hall Associates, Inc. Architectural Firm: David Hall **Design Architect: FBi Construction** Superintendent: **Sidney Baxley General Contractor:** The project includes demolition of the 1950's era administration / cafeteria areas, **Project Scope:** replaced by a new 2-story addition of approximately 43,794 SF, and improvements to the site. Background: The conceptual designs were created based upon input from a steering committee that included Board members, district administration, and principals. The individuals that served on the committee included Joe DeFeo, Harvey Eisner, Jeffrey Garland, Neil James, Janice Morreale, Cynthia Elsberry, Dottie Brown, Cindy Ambrose, Traci Hogan, H.T. Lee, Barbara Schlidt, Janice Christy and James LaPier. **Current Status:** The new two-story classroom and administration wing of the school, kitchen and dining room have been completed and are currently in use. **Original Budget:** \$11,000,000 Short Term Capital Plan Budget: Board Approved Increase: + Board Approved Date: 06/06/2016\* <u>\$ 5,191,887</u> Total Revised Budget: \$16,191,887 **Budget Issues:** \*The budget was increased by the Board due to price escalation and scope needs. The IPD general contractor provided an updated cost proposal to HCS in early September 2016. The project is currently under the revised budget. Schedule: The final phase of the parent drop-off loop is scheduled to be completed this summer. The new cafeteria and kitchen areas were opened ahead of schedule. Achievements:

Architect:	N/A	<u>Contractor:</u>	Spann Roofing and Sheet Metal		
<u>Project Scope:</u>	Whittemore Park Middle will have approximately 9,000 SF of new roofing and South Conway Elementary will have approximately 24,560 SF. All non-working skylights and curbs were removed and new deck installed. The Facilities building will have the metal roofing replaced in areas of greatest new skylights removed in all warehouse areas, new steel roofing for the lawn maintena building and a built-up roof replacement on the carpentry shop.				
<u>Current Status:</u>	Whittemore Park Middle School and South Conway Elementary School are now complete. The Facilities buildings will receive new sheet metal roofing and will be completed in several phases over a 12 week period.				
<u>Budget:</u> Budget Issues:	Budget: None	\$1,6	668,355		
<u>Schedule:</u>	Final completion of the Facilities Building is June 15th.				
<u>Schedule Issues:</u> <u>Achievements:</u>	None at this time. SCE also received site work, hydro-seeding, new downspouts, sidewalk repair and walkway pressure washing.				

### Quarterly Executive Summary New Myrtle Beach Middle School (6-8) Q1 2018

HCS Project Manager:	Davida Rohlf	Principal:	Dr. Janice Christy
Architectural Firm:	SfL+a Architects	Design Architect:	Robbie Ferris
General Contractor:	MetCon/TA Loving J/V	<u>Project Manager:</u> Superintendent:	Samantha Locklear David Isham

**Project Scope:** The project includes a new 170,918 SF, 2-story middle school for a 1,200-student capacity. Approved designs are located on the HCS web site under <u>New</u> <u>Construction Conceptual Designs</u>.

The building design is based on a High Performance – Energy Positive concept, where the building integrates all major performance attributes which include: energy conservation, environmental, cost-benefit, productivity, sustainability, functionality and operational considerations. It also incorporates the use of various elements such as: solar panels, geothermal fields, natural daylight, etc. to create an energy positive environment for the schools.

**Background:** The conceptual design work of the architect was completed in August 2014 and concepts were approved by the Board on September 8, 2014. The Design-Build delivery method was later chosen by the Board, which is comprised of a two-part selection. The Superintendent appointed an Evaluation Committee and Part 1, Request for Qualifications, was issued and responses received on April 7, 2015. Four firms were selected to participate in Part 2, Request for Proposals. The Committee evaluated and ranked the firms. The board selected First Floor Energy Positive, LLC of Raleigh, NC to construct the five new schools.

Budget:	Original Budget:	\$36,750,000	Board Approved Date:	07/28/2014
	Current Budget:	\$46,485,102	Board Approved Date:	11/23/2015

**Budget Issues:** The Board has increased the budget as stated above.

**Schedule:** The Board approved Substantial Completion to be accomplished by 5/1/17.

**Schedule Issues:** The Certificate of Occupancy was issued 12/5/2017 and the building was occupied starting January 16, 2018.

<u>Site:</u> Site is owned by HCS, located at the corner of 29<sup>th</sup> Ave. N. and Oak Street.

*Current Status:* Final inspection was November 28, 2017 and Certificate of Occupancy issued 12/5/2017. Students occupied the school on January 16, 2018. Contractor continues to work on punch list corrections.

#### Quarterly Executive Summary Replacement School for Socastee Elementary (CD-5) Q1 2018

<u>HCS Project Manager:</u> <u>Architectural Firm:</u> <u>General Contractor:</u> Davida Rohlf SfL+a Architects MetCon/TA Loving J/V <u>Principal:</u> Krista Finklea <u>Design Architect:</u> Robbie Ferris <u>Project Manager:</u> Mark Beach <u>Superintendent:</u> Phil Asslynn

**<u>Project Scope:</u>** The project includes a new 120,230 SF, 2-story elementary school for a 916student capacity. Approved designs are located on the HCS web site under <u>New</u> <u>Construction Conceptual Designs</u>.

The building design is based on a High Performance – Energy Positive concept, where the building integrates all major performance attributes which include: energy conservation, environmental, cost-benefit, productivity, sustainability, functionality and operational considerations. It also incorporates the use of various elements such as solar panels, geothermal fields, natural daylight, etc. to create an energy positive environment for the schools.
