 Serving Grades 6-12

School Year 2022-2023

School Highlight: The educational programs that we provide at PAL Charter Academy continue to have a positive impact on the community and our students. Several individuals attending neighboring schools hear about the CTE and Independent Studies programs that we offer and realize that they have options to traditional education. The options we provide here at PAL Charter Academy ensure that every student will have the opportunity to become successful and complete their educational goals. In addition to the intrinsic reward of completing their secondary schooling, students may also earn certificates of completion in their CTE courses, that they may use in their post-secondary endeavors. As our motto provides, we provide *“Education with an individualized approach.”*
