Welcome Message

Superintendent Dr. Jason Reimann

Dear HUSD Community,

Thank you for choosing to spend the day with us here at the Families United Conference. Family engagement is central to the Hayward Unified School District's (HUSD) strategic plan and the focus on relationship-centered schools. We have been leading the way in developing non-traditional parent engagement opportunities in the areas of policy development, workshop ideas, Parent Ambassadors, and much more. Today's conference is extremely special because it reinforces our commitment to families, to building community, and providing educational opportunities for parents. By working together, we can continue to make a lasting impact on the lives of our students. Thank you again for joining today!

About the Families United Conference and the Importance of Family Engagement

Our call to action around family engagement has always been to ensure that the voices of our community are at the center of all our work. True to that vision, our Associate Superintendent **Chien Wu-Fernandez** initiated the first Families United Conference on January 28, 2023. This conference was organized by a committee of dedicated parents and district staff all focused on the most relevant and timely topics experienced by our community. We are proud to continue this tradition to ensure that we continue to learn and grow as a community.

Hayward, the City that Educates!

Our welcoming message this morning will be led by the Mayor of Hayward, **Mark Salinas**, Superintendent of HUSD, **Dr. Jason Reimann**, President of California State University (CSU), East Bay, **Dr. Cathy Sandeen**, and President of

Chabot College, **Dr. Jamal Cooks**. Education is the key to building bright futures for the youth in our community. As we host the second Families United Conference, they will share a vision for the future of Hayward

Performances

The Polynesian Club

Hayward High School

The Polynesian Club at Hayward High was established in 2008. The club was established to share Polynesian culture on the Hayward High campus through art, music, and dance. Since then, the club has expanded its mission. The current club aims to also expose current and future members to higher education, improve mental health, and create new opportunities for occupying spaces Polynesians don't normally occupy.

Monarch Soul Steppers

Mt. Eden High School

The old saying, "Have feet, will dance", stresses precisely that skills can be taught, learned and improved upon, whether you are born with the dancing talent or not. Everyone has some sense of rhythm, (even babies do!) and can be shown how to dance along the beat of the music. The Monarch Soul Steppers is more than just a performance. They build community and a bond that will forever be remembered.

Ballet Folklorico

Parent University Family Class

Embark on a cultural journey with Parent University's Ballet Folklorico class! Immerse yourself in the vibrant traditions of Mexican Folklorico dance, uniting parents and children from across HUSD. After 6 Saturdays of practice, they're ready to showcase the richness of this beautiful art form.

After-School Performing Arts Group

Park Elementary School

The After School Performing Arts Group offers ballet classes and welcomes students in grades Kindergarten to 8th grade. Students typically practice at Park Elementary after school. In the past, they have put together many dances including the complete ballet of the Nutcracker. They have performed for their school, senior centers, other schools, and several community events. The group utilizes classical ballet and different styles of dance including traditional dances from other cultures for their performances to add beauty to this wonderful multi-cultural community. For the Families United Conference, they will be performing joyful dances to excerpts from the ballet Don Quixote and a liturgical dance.
