

SUBJECT: PARENT INVOLVEMENT FOR CHILDREN WITH DISABILITIES

The Board of Education recognizes the rights of the parent/guardian to be fully informed of all information relevant to the identification, or change in identification, evaluation and educational placement of a child with a disability.

All due process procedures for parents/guardians and children in the Commissioner's Regulations shall be observed by the School District.

Definition of Parent

Parent means a birth or adoptive parent, a guardian, a person in parental relationship to the child as defined in Education Law section 3212, an individual designated as a person in parental relation pursuant to Title 15-A of the General Obligations Law including an individual so designated who is acting in the place of a birth or adoptive parent (including a grandparent, stepparent or other relative with whom the child resides), or a surrogate parent who has been appointed in accordance with section 200.5(n) of Commissioner's Regulations. The term does not include the State if the student is a ward of the State.

A foster parent may act as a parent unless State law, regulations or contractual obligations with a State or local entity prohibit the foster parent from acting as a parent.

Unless a judicial decree identifies a specific person(s) to act as the parent or make educational decisions for the student, if one (1) or more parties is qualified to act as a parent, the birth or adoptive parent is presumed to be the parent unless they do not have the legal authority to do so.

Surrogate Parents

It is the duty of the School District to determine whether a child needs a surrogate parent and to assign a surrogate parent in the manner permitted under New York State law. This determination shall be completed within a reasonable time following the receipt of a referral for an initial evaluation or re-evaluation.

In the event that no parent or guardian for a child with a disability can be identified; or after reasonable efforts the whereabouts of the parent or guardian cannot be determined; or the student is an unaccompanied homeless youth; or the child with a disability is a ward of the State and does not have a "parent" as defined above; or the rights of the parent to make educational decisions have been subrogated by a judge in accordance with State law; the Board shall assign an individual to act as a surrogate for the parents or guardians.

Alternatively, the surrogate parent may be appointed by a judge overseeing the child's case.

The person selected as a surrogate shall have no interest that conflicts with the interest of the child he/she represents, and shall have knowledge and skills that ensure adequate representation of the child.

Prior Written Notice

Prior written notice must be given to parents of a student with a disability a reasonable time before the District proposes to, or refuses to, initiate or change the identification, evaluation, educational placement of the student or the provision of a free appropriate public education to the student. Prior written notice must also be provided informing the parents when no additional data is required to determine the student's educational needs, the reasons for this determination and their right to request an assessment.

If the prior written notice relates to a proposed action that also requires parental consent, the District must give notice at the same time it requests parental consent. The prior written notice will contain all elements required by Commissioner's Regulations.

A parent may elect to receive prior written notice and other required notifications by electronic mail (e-mail) communication if the District makes this option available.

Parental Consent

In accordance with due process, a parent or guardian of a special education student or a student suspected of having a disability must provide informed consent before the School District can take certain actions.

Consent for Evaluations

The parent or guardian must provide informed consent to the initial evaluation, or reevaluations in accordance with law and/or regulations. If a parent does not provide consent for an initial evaluation, the School District *may* pursue the evaluation by commencing a due process hearing to override the refusal to provide consent.

Parental consent for a reevaluation is not needed if the District can demonstrate that it has taken reasonable measures to obtain consent, but the parents or guardians have failed to respond.

Consent for the Initial Provision of Services

Parental consent is also required for the initial provision of special education services. Consent an initial evaluation does not constitute consent for the initial provision of services. If a parent

does not provide consent for the initial provision of services, the School District *shall not* provide the special education program and services to the student and shall not use the due process procedures to challenge the parent's refusal to consent. The School District shall not be considered to be in violation of the requirements to provide a free appropriate public education (FAPE), shall not be required to convene a meeting of the committee on special education or develop an IEP.

Consent for Other Actions

Prior written consent must also be provided:

- a) Prior to releasing any personally identifiable information; and
- b) Prior to each time the District proposes to access a parent's private insurance.

Consent for an Unaccompanied Homeless Youth

Consent may be provided by a surrogate parent. However, until a surrogate parent is appointed, consent may be provided on a temporary basis by an employee of a temporary housing facility operated or approved by a local social services district or a residential facility for runaway and homeless youth.

Consent for a Ward of the State

A ward of the State means a child or youth under the age of twenty-one (21):

- a) Who has been placed or remanded pursuant to Social Services Law or the Family Court Act or freed for adoption pursuant to Social Services Law; or
- b) Who is in the custody of the Commissioner of Social Services or the Office of Children and Family Services; or
- c) Who is a destitute child under Social Services Law.

In the event that a child is a ward of the State, the School District shall make reasonable efforts to obtain the informed consent from the parent of the child for an initial evaluation to determine whether the child is a child with a disability.

The School District is not required to obtain informed consent if:

- a) Despite reasonable efforts to do so, the School District cannot discover the whereabouts of the parent of the student, including consulting with the agency responsible for the care of the student; or
- b) The rights of the parents of the student have been terminated in accordance with State law; or
- c) The rights of the parent to make educational decisions have been subrogated by a judge in accordance with State law.

Procedural Safeguards Notice

The School District will provide the procedural safeguards notice prescribed by the Commissioner of Education to the parents of a student with a disability at least one (1) time per year and also:

- a) Upon initial referral or parental request for evaluation;
- b) Upon the first filing of a due process complaint notice to request mediation or an impartial due process hearing; and
- c) Upon request by a parent.
