AGENDA

- Introductions
- Bryden Elementary
 - Landscape Site Plan
 - Landscape Images
 - Playground Equipment
- Hilltop Elementary
 - Landscape Site Plan
 - Landscape Images
 - Playground Equipment

Bryden Elementary

The site plan for Bryden Elementary School features a central orange-colored building labeled "PROPOSED BRYDEN ELEMENTARY SCHOOL BUILDING". To the right of the building is a large parking lot with numerous parking spaces and several trees. Further right is a playground area with a yellow-colored structure and a "RELOCATED PLAYSET". The plan includes various landscape features such as "LANDSCAPE BUFFER - EVERGREEN TREES AND ORNAMENTAL TREES", "LANDSCAPE SCREENING OF MECHANICAL EQUIPMENT", and "RECREATIONAL FIELD AREA". A "PROPOSED SEDIMENT BASIN" is located in the bottom left corner, adjacent to a road. The plan also shows "EXISTING WOOD FENCE" and "EXISTING WOODS TO REMAIN". A legend in the top right corner defines symbols for "EXISTING TREES", "NEW TREES", "NEW GRASS - PLANT BEDS", "LOWLAND GRASS - 100% RETENTION GRASS SEED MIX", "LAWN", and "PLAYGROUND SURFACING - RECYCLED RUBBER PLAYGROUND SURFACING SYSTEM". A north arrow is located in the bottom right corner.
