

FamilyID email:

Pascack Hills Community,

We are excited to announce that we are now offering the convenience of online medical registration for all incoming Freshmen, Transfer Students, and Athletes through FamilyID (www.familyid.com). All medical registration requirements (for incoming Freshmen, Transfer Students, and all Athletes) and New Jersey required Athletic consent forms will no longer be processed using Genesis. The Pascack Valley Regional District is now using FamilyID to register all medical forms and New Jersey Athletic consent forms. The Pascack Valley Regional District is still using Genesis for certain school related registration steps (including technology required consent forms, Guidance Department forms, etc.), but will no longer be using Genesis to complete the medical registration and state required Athletic consent forms process.

FamilyID is a secure registration platform that provides you with an easy, user-friendly way to sign-up and complete all medical registration requirements for athletics and new students. In addition, our transitioning to FamilyID will help ensure Pascack Hills families, as well as the Pascack Hills staff, the safest procedures as we face new safety guidelines surrounding COVID-19. By shifting to FamilyID, families will no longer be required to drop off completed medical physicals and other related medical forms in person. FamilyID allows you to submit all of the required medical forms and signed consent forms electronically. Also, Family ID help us to be more administratively efficient and environmentally responsible as we now transition to a “paperless” medical registration process, which can be completed entirely on line.

When you register through FamilyID, the system keeps track of your information in your FamilyID profile. You enter your information only once for each family member for multiple uses and multiple programs.
