RE: Northshore School District Tax Status

To Whom It May Concern:

The Northshore School District #417 is a political sub-division (municipal corporation) of the State of Washington. Internal Revenue Code, Government Section 170(c)1 which states that contributions to Public Entity Municipalities used for public purposes are deductible.

For your tax records, the Northshore School District No.417 is defined by the Internal Revenue Service Code (chapter 32) as a tax-exempt organization. Because we are exempt, we do not petition for and do not receive a specific letter of determination issued by the Internal Revenue Service. The district's taxpayer identification number is 91-6001566.

Sincerely,

A handwritten signature in blue ink that reads "Ann Rolf". The signature is fluid and cursive, with the first name "Ann" and last name "Rolf" clearly distinguishable.
