- Churchville PTA By-Laws Key Updates
 - By-laws were moved to updated template provided by the regional PTA VP for our area
 - Most changes were minor, including:
 - Updated name to reflect how we are registered with the state, "Churchville Junior High Parent Teacher Association". This change will allow us to switch Banks
 - Changed the number of required meetings from bimonthly to 5 per year
 - Added a new role, VP Dual Language Programming, to the PTA Board. The PTA Board feels this is an important role with the Dual Language Program entering its first middle year at Churchville. The role is written similarly to VP events and programs, but with a dual language focus. The person in this role will serve as the parent liaison for the Churchville dual language community and will focus on creating PTA sponsored dual language programs as needed. We see this as an evolving role and duties of this role may change over time.
 - The updated Bylaws will be shared in the PTA newsletter for the next few weeks and we will vote to approve them at our May 13 PTA Meeting.
