

Slated to be presented at the school board meeting 11/26/2023.

As part of Florida Statute (FS 1003.42 Required Instruction), each district is required to include certain topics as part of the curriculum. Please see below the requirements, as well as the list of materials used to meet the requirement.

## House Bill 545 Reproductive Health and Disease Education

- **S. 1002.20(3)(d), F.S., K-12 Student and parent rights**
  - Each school district shall, on the district's website homepage, notify parents of this right and the process to request an exemption. The homepage must include a link for a student's parent to access and review the instructional materials, as defined in s. 1006.29(2), used to teach the curriculum.
- **S. 1003.42(1)(b), F.S., Required instruction**
  - All instructional materials, as defined in s. 1006.29(2), used to teach reproductive health or any disease, including HIV/AIDS, its symptoms, development, and treatment, as part of the courses referenced in subsection (3), must be annually approved by a district school board in an open, noticed public meeting.

The following courses taught in grades 6<sup>th</sup> – 12<sup>th</sup> may include these topics as part of instructional units. These courses are used in conjunction with the Monique Burr Safety Matters programs to meet state requirements.
