

My name is Griselle Myers, and I am the Family Engagement Specialist for Harrisburg High School - John Harris Campus. I am very excited to have this opportunity to work with you and your family. When I arrived in

Harrisburg back in 1996, I was welcomed by a community support group that provided me with the necessary tools to help me to success in the community. From that moment a desire and passion in my heart was born to serve the community that gave me so much. I have been working for around fifteen years in the social-family work field with families from diverse cultural backgrounds, supporting families through a variety of economic, behavioral, mental, health and educational issues.

As a Family Engagement Specialist my focus is on district goals and standards for Title I related to student and family involvement. I will serve as liaison between students, home, parent, school, and community resources such as family services agencies, having the responsibility to relay the needs of one to the other. I will serve as a school-based intermediary contact for concerns made by students and family members, will promote sharing of power with parents as decision-makers, and very importantly, will help parents understand the educational system so

that they may become better advocates for their children's education. I will be inviting all families to upcoming school events.

I am looking forward to getting to know and meet each student and parent in Harrisburg High School - John Harris Campus. I remain available to you at your convenience and if you have any questions or concerns, I can be reached at (717) 703-0447, and/or by email at cm Myers@hbgsd.us
