

ARP-ESSER Application: State Reserves - ARP State Reserves**Introduction/Instructions - Background Information**

Background Information

WHITESBORO CSD - 412902060000

Summary and Background Information

On March 11, 2021, the President signed into law the American Rescue Plan Act of 2021 (ARP). ARP makes available \$122.8 billion nationally in a third round of Elementary and Secondary School Emergency Relief (ESSER) funds. New York State has been allocated nearly \$9 billion under the ARP Act's Elementary and Secondary School Emergency Relief (ESSER) Fund.

The federal ARP statute requires that States reserve ARP ESSER funds for three State-level reservations for evidence-based activities and interventions that respond to students' social, emotional, mental health, and academic needs and address the disproportionate impact of COVID-19 on students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children and youth in foster care, and migratory students.

Not less than 5 percent of the State's grant must be reserved to carry out, directly or through subgrants or contracts, activities to address the academic impact of lost instructional time by supporting the implementation of evidence-based interventions.

Not less than 1 percent of the State's grant must be reserved to carry out, directly or through subgrants or contracts, the implementation of evidence-based summer enrichment programs.

Not less than 1 percent of the State's grant must be reserved to carry out, directly or through subgrants or contracts, the implementation of evidence-based comprehensive after-school programs.

The 2021-2022 enacted New York State budget fully allocated the required SEA reserves as subgrants to 398 LEAs and NYSED has made allocations to two additional LEAs. Specific LEA allocations are detailed in Columns D, E, and F in the **ARP ESSER Allocations Chart** (see also in the Document Library). Please note that these funds are in addition to the *90% LEA ARP-ESSER ALLOCATION* listed in Column C of that workbook and must be budgeted for separately.

As indicated in NYSED's approved **ARP ESSER State Plan**, NYSED has included within this application a list of evidence-based interventions related to each state reserve. LEAs will be required to utilize state reserve funds to implement evidence-based interventions either chosen from the NYSED-selected list or from another reputable source (such as, but not limited to, the What Works Clearinghouse).

RESOURCES RELATED TO EVIDENCE-BASED REQUIREMENTS.

LEAs must select and implement evidence-based activities and interventions either chosen from the NYSED-provided list (embedded within each section of the application) or from another reputable source. Selected interventions must fall into one of the four tiers of evidence defined in the Every Student Succeeds Act (ESSA). Specifically, evidence tiers are defined as:

Tier 1 - Strong Evidence: Supported by strong evidence from at least one well designed, well implemented experimental study (randomized-control groups). Studies show that this strategy improves a relevant student outcome (e.g. reading scores, attendance rates). In these studies, students have been randomly assigned to treatment groups or control groups, so that researchers can speak with confidence that those who participate in the intervention strategy outperform those who do not. These studies meet the What Works Clearinghouse evidence standards without reservations. The studies use large, multi-site samples.

Tier 2 - Moderate Evidence: Supported by at least one well-designed and well-implemented quasi-experimental study (matched groups, interrupted time series, et al.) Studies have found that the strategy improves a relevant student outcome (e.g. reading scores, attendance rates). Students in these studies have not been randomly assigned, but researchers have used statistical matching methods that allow them to speak with confidence that the strategy results in an improved outcome. These studies meet the What Works Clearinghouse evidence standards with reservations. The studies use large, multi-site samples. No other studies show that this strategy negatively impacts an outcome.

ARP-ESSER Application: State Reserves - ARP State Reserves

Introduction/Instructions - Background Information

Tier 3 - Promising Evidence: Supported by at least one well designed, well implemented correlational study with statistical controls for selection bias. There is evidence that this strategy improves a student outcome (reading scores, attendance rates), but that research may consist of correlational studies -- studies can show a relationship between the strategy and outcome but cannot show that the improved outcome was the result of the strategy. The studies supporting Tier 3 strategies do not have to be based on large, multi-site samples. A strategy that would otherwise be considered Tier 1 or Tier 2, but it does not meet sample size requirements, is considered Tier 3. No other studies show that this strategy negatively impacts an outcome.

Tier 4 - Demonstrates a Rationale: High-quality research findings or positive evaluation suggests that this will likely improve student outcomes or other relevant outcomes; and there are ongoing efforts to examine the effects of such activity, strategy, or intervention. Based on existing research, the intervention cannot yet be defined as a Tier 1, Tier 2 or Tier 3. However, there is good reason to believe — based on existing research and data — that the intervention could improve relevant student outcomes.

Further information may be found in the **Federal Guidance on Evidence-Based Interventions**. There are a number of resources available that identify research which supports specific interventions. Districts and schools are encouraged to review the various clearinghouses to find programs, strategies, and interventions that align with the needs identified during the needs assessment process. Finally, additional technical assistance materials to support LEA planning and implementation of strategies and interventions are available on the Department's **ARP ESSER webpage** and in the Document Library.

Project Period

March 13, 2020 to September 30, 2024 to obligate funds. Funds must be fully liquidated and an FS-10F Final Expenditure Report submitted by October 31, 2024.

Project Number

The project number stems for the three state-reserve programs are:

Fund Code	Project
5884-21-XXXX	ARP-ESSER 5% State-Level Reserve - Addressing the Impact of Lost Instructional Time
5883-21-XXXX	ARP-ESSER 1% State-Level Reserve - Comprehensive After School
5882-21-XXXX	ARP-ESSER 1% State-Level Reserve - Summer Learning and Enrichment

This number should be used on the appropriate FS-10 budget form.

Submission Deadline

Completed applications are due by **November 30, 2021** (with extensions by request) and will be reviewed on a rolling basis.

If an eligible school district does not intent to apply for one or more of its ARP ESSER State Reserve allocations, please advise NYSED by emailing CARESAct@nysed.gov prior to **November 5, 2021**.

Please note that applications must be submitted and fully approved by no later than March 23, 2022. LEAs that have not been issued a Grant Award Notice by that time will be at risk of having their ARP-ESSER State Reserve allocation returned to the United States Department of Education.

ARP-ESSER State Reserve: Assurances

1. **The LEA assures that ESSER funds are used for activities allowable under section 2001(e) of the ARP Act, 18003(d) of the CARES Act and 313(d) of the CRRSA Act.**
 YES, the LEA provides the above assurance.
2. **The LEA assures that it will comply with all reporting requirements at such time and in such manner and containing such information as the Commissioner may reasonably require, including on matters such as but not limited to:**
 1. **data on each school's mode of instruction (remote, hybrid, in-person), including student attendance data (disaggregated by student subgroup) for each modality;**
 2. **LEA uses of funds to meet students' social, emotional, and academic needs, including through summer enrichment programming and other evidence-based interventions, and how they advance equity for underserved students;**
 3. **LEA uses of funds to sustain and support access to early childhood education programs;**
 4. **impacts and outcomes (disaggregated by student subgroup) through use of ARP ESSER funding (e.g., quantitative and qualitative results of ARP ESSER funding, including on personnel, student learning, and budgeting at the school and district level);**
 5. **student data (disaggregated by student subgroup) related to how the COVID-19 pandemic has affected instruction and learning;**
 6. **requirements under the Federal Financial Accountability Transparency Act (FFATA); and**
 7. **additional reporting requirements as may be necessary to ensure accountability and transparency of ARP ESSER funds.** YES, the LEA provides the above assurance.
3. **The LEA assures that records pertaining to the ARP ESSER award under 2 C.F.R. § 200.334 and 34 C.F.R. §76.730, including financial records related to use of grant funds, will be retained separately from other grant funds, including but not limited to funds that an LEA receives under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) and the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA Act).**
 YES, the LEA provides the above assurance.
4. **The LEA assures that the LEA will cooperate with any examination of records with respect to such funds by making records available for inspection, production, and examination, and authorized individuals available for interview and examination, upon the request of (i) the Department and/or its Inspector General; or (ii) any other federal agency, commission, or department in the lawful exercise of its jurisdiction and authority.**
 YES, the LEA provides the above assurance.
5. **The LEA assures that the LEA will comply with all applicable assurances in OMB Standard Forms 424B and D (Assurances for Non-Construction and Construction Programs), including the assurances relating to the legal authority to apply for assistance; access to records; conflict of interest; merit systems; nondiscrimination; Hatch Act provisions; labor standards; flood hazards; historic preservation; protection of human subjects; animal welfare; lead-based paint; Single Audit Act; and the general agreement to comply with all applicable Federal laws, executive orders and regulations.**
 YES, the LEA provides the above assurance.
6. **The LEA assures that the LEA will have on file with the SEA a set of assurances that meets the requirements of section 442 of the General Education Provisions Act (GEPA) (20 U.S.C. 1232e).**
 YES, the LEA provides the above assurance.
7. **The LEA assures that the LEA will comply with the requirements of section 427 of GEPA (20 U.S.C. 1228a). The description must include information on the steps the LEA proposes to take to permit students, teachers, and other program beneficiaries to overcome barriers (including barriers based on gender, race, color, national origin, disability, and age) that impede equal access to, or participation in, the program.**
 YES, the LEA provides the above assurance.

ARP-ESSER State Reserve: Consultation

1. **An LEA must engage in meaningful consultation with stakeholders and give the public an opportunity to provide input in the development of its plan. Specifically, an LEA must engage in meaningful consultation with students; families; school and district administrators (including special education administrators); teachers; principals; school leaders; other educators; school staff; and their unions. Additionally, an LEA must engage in meaningful consultation with each of the following, to the extent present in or served by the LEA: Tribes; civil rights organizations (including disability rights organizations); and stakeholders representing the interests of children with disabilities, English learners, children experiencing homelessness, children in foster care, migratory students, students involved with the juvenile justice system, and other underserved students.**

In the space provided below, please describe how the LEA has meaningfully engaged a diverse and representative set of stakeholders to receive feedback in developing its plans to address the impacts of lost instructional time, provide summer learning and enrichment, and support comprehensive after school activities using State-Level Reserve Funds.

The District developed a plan based on feedback and recommendations from staff, district leadership, Board of Education, and the general public. The general public was provided an opportunity to make recommendations at a Public Comment period, which was held during the July 14, 2021 Board of Education meeting. An additional meeting was held on December 13, 2021 via Zoom targeting stakeholders who represent the interests of children with disabilities, English language learners, children experiencing homelessness, and children in foster care. All other constituency groups (tribes, civil rights organizations, disability rights organizations, stakeholders representing the needs of migratory students, and children who are incarcerated are not applicable in our LEA. An agenda and information regarding the use of funds was distributed and presented. Feedback was verbally given to the district from the attendees, which was considered if an allowable expense. Moving forwards, the district is planning to keep the public apprised at monthly Board of Education meetings, newsletters and other communications as appropriate. The district will encourage continuous feedback from the stakeholders in these communications and meetings. In addition, the district sent out information to all stakeholders including a link to submit any input and comments. This information was also made available in hard copy in each building for anyone without internet access.

2. **In the space provided below, please provide the URL for the website(s) where the LEA Plan for using State-Level Reserve Funds is/will be publicly posted. For an LEA that does not have a website, the LEA may identify an online platform (e.g. social media group or post, file sharing service, email listserv) that allows plans to be directly communicated to students, parents or legal guardians, school staff, and other stakeholders. As appropriate, the LEA should provide details about how the plan will be made available to people who request it.**

<https://www.wboro.org/domain/1123>

3. **In the space provided below, please describe how the LEA will support ongoing engagement with parents and families, including engagement related to identified student needs, areas of student gains, and available assistance to families that will support student success.**

Moving forwards, the district is planning to keep the public apprised at monthly Board of Education meetings, newsletters and other communications as appropriate. ARP-ESSER Application: State Reserves - ARP State Reserves**ARP-ESSER State Reserves - ARP-ESSER State Reserves: Comprehensive Needs Assessment**

ARP-ESSER State Reserve: Comprehensive Needs Assessment

- 1. In the space provided below, please describe how the LEA will determine the social, emotional, mental health, and academic needs of students, particularly those students disproportionately impacted by the COVID-19 pandemic, including students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children in foster care, and migratory students.**

The Whitesboro Central School District holds Student Support Team meetings consistently throughout the school year on any student who is struggling with social, emotional, mental health or academic needs. In addition, we have partnered with the Community Connected Schools, Initial Response Team, and Ican to assist the district in helping students and families find outside agencies. The Whitesboro Central School District analyzes academic, discipline and attendance data at SST meetings in order to provide all students with opportunities to address their learning loss and social and emotional needs. The members of a school's SST include counselors, social workers, building administrators, psychologists, and nurses. Each specialty provides different sets of data based on their direct observations and interactions with students, accumulating relevant data from our student management system, and input from classroom teachers and special education teachers. The Connected Community School activities also provide additional information regarding students who are struggling emotionally or mentally by engaging with families.

With the implementation of our Instructional Coaches and Learning Loss Programs, we will be collaboratively reviewing our district, individual school, grade level, course, and individual/group data to revise programming and offerings as needed to best support our students and increase achievement. The data will assist us in determining what student support is needed as a result of the COVID-19 pandemic which will focus on students with disabilities, ELLs, low-income students and any students in foster care.

The SEL teachers will be focusing on these students in the following subgroups, which are identified using ESSA data. Programs will focus on additional interventions needed in small groups and individual settings where students will have additional access to certified teachers, social workers, counselors, psychologists, related services and outside agencies. In addition, mixed groups of these students will be set up by the SEL teacher to address any deficits they have focusing on mental health needs. The data will be continuously analyzed so that we can make informed decisions in the best interest of children.

ARP-ESSER State Reserves - Addressing the Impact of Lost Instructional Time

5% State-Level Reserve - Addressing the Impact of Lost Instructional Time: Program Design

- The interventions implemented through the 5% State-Level Reserve to address the impacts of lost instructional time must be evidence-based and may include innovative approaches to providing instruction to accelerate learning. In the space provided below, please describe how the LEA selected evidence-based interventions that will address identified student needs. Include details about how the planned use of state reserve funds for addressing the impacts of lost instructional time will be coordinated with and aligned to other initiatives, including other state reserve funds, interventions detailed in the LEA's ARP-ESSER Plan: Part 2, or other LEA initiatives, including those supported by CARES, CRRSA, Title I Part A, IDEA or other fund sources.

Our District selected evidenced based programs such as Foundations K-2, Savvas Reading Street K-5, Savvas Envisions Math K-5, and Credit Recovery Programs to provide instruction and accelerate learning for our students. Each program was selected based on its rigor, alignment to Common Core and Next Generation Standards, technology integration, home to school connections, core instructional materials, and evidence based practices to support and teach our struggling students. These programs are aligned to our grade level curriculum maps and NYS Learning Standards. These programs will work in collaboration with our other state reserve funding programs that are used for targeted student interventions (AIS Services and Credit Recovery) and professional development for all instructional staff.

- In the chart below, please provide additional information about the planned evidence-based interventions that have been selected to address the impacts of lost instructional time. For each row, please select a planned intervention from the drop-down menu or select "Other Evidence-Based Intervention" as needed. For each planned intervention, indicate the amount of ARP State-Reserve funding that will be invested, the grade levels to be served, targeted student groups to be served, and a detailed description of the specific activities that will be implemented. Please add rows as necessary to reflect the district's entire plan for the use of State-Reserve funds to address the impact of lost instructional time.

3. In the space provided below, please describe how the LEA will monitor and evaluate the effectiveness of selected strategies to ensure that the interventions implemented respond to students’ social, emotional, mental health, and academic needs. Provide details about how changes to the program plan (such as changes in identified areas of need or supports provided to students) will be communicated to stakeholders.

Students who are participating in the high dosage tutoring programs will be identified through data such as DRA, DIBELS and Benchmark Assessments. To evaluate the effectiveness of the interventions, students will be administered pre and post assessments to determine current and future levels of proficiency. An individualized progress report will be generated, shared, and reviewed with parents/guardians. The summer academic programs will be assessed by progress reports, performance on tests/quizzes and report cards. The enrichment programs will be assessed by participation growth and learning, with an opportunity to showcase their learning and progress via art shows, concerts, and athletic contests. Changes to a student's individual program will be communicated to the parents via meeting or phone call to discuss the necessity of changes and outcomes anticipated. Universal changes to a program that affects many students will be shared with teachers, teacher assistants, aides, counselors, and social workers initially. Once the changes are understood and accepted by those stakeholders, parents will receive an update via letter, email, or district notification detailing those changes, along with a rationale and the expected outcomes of such (a) change(s).

ARP-ESSER State Reserves - Comprehensive After School

1% State-Level Reserve - Comprehensive After School: Program Design

High-quality afterschool programs should have the goal of providing students with important opportunities for academic support and access to enrichment opportunities that help develop social, emotional, and leadership skills. These benefits are particularly important to students from low-income backgrounds, students who are struggling, and students at risk for later academic disengagement. High-quality afterschool programs have demonstrated positive effects on student math and language arts achievement, and programs strongly rooted in the school context can also have a positive impact on school related student outcomes, including greater self-confidence, increased civic engagement, better school attendance, improved high school graduation, and decreased delinquency.

- The interventions implemented through the 1% State-Level Reserve for comprehensive after school programming must be evidence-based and may include innovative approaches to providing instruction to accelerate learning. In the space provided below, please describe how the LEA selected evidence-based interventions that will address identified student needs. Include details about how the planned use of state reserve funds for comprehensive after school programming will be coordinated with and aligned to other initiatives, including other state reserve funds, interventions detailed in the LEA's ARP-ESSER Plan: Part 2, or other LEA initiatives, including those supported by CARES, CRRSA, Title I Part A, IDEA or other fund sources.**

- In the space provided below, please describe how the LEA will monitor and evaluate the effectiveness of selected comprehensive after school programming/strategies to ensure that the interventions implemented respond to students' social, emotional, mental health, and academic needs. Provide details about how changes to the program plan (such as changes in identified areas of need or supports provided to students) will be communicated to stakeholders.**

Students who are participating in the high dosage tutoring programs will be identified through data such as DRA, DIBELS and Benchmark Assessments. To evaluate the effectiveness of the interventions, students will be administered pre and post assessments to determine current and future levels of proficiency. An individualized progress report will be generated, shared, and reviewed with parents/guardians.

ARP-ESSER State Reserves - Summer Learning and Enrichment

1% State-Level Reserve - Summer Learning and Enrichment: Program Design

Summer learning programs can offer another opportunity to accelerate learning, especially for those students most impacted by disruptions to learning during the school year. Schools and districts should design programs that work best in the local context and reflect the characteristics that evidence suggests lead to successful summer programs. These characteristics include: programs are voluntary, full-day lasting five to six weeks, include three hours of language arts and mathematics taught by a certified teacher each day, and include enrichment activities and experiences. Research points to the potentially positive benefits of strong summer programs. A longitudinal study of summer programs showed students who participated in the summer programs that were reviewed received some benefits in mathematics; however, students with high rates of attendance who attended programs for consecutive summers experienced the greatest learning gains. The amount and quality of instruction influenced the academic benefit, with the highest benefits to students attending programs with high-quality instruction provided by a certified teacher and high academic time on task.

- The interventions implemented through the 1% State-Level Reserve for summer learning and enrichment must be evidence-based and may include innovative approaches to providing instruction to accelerate learning. In the space provided below, please describe how the LEA selected evidence-based interventions that will address identified student needs. Include details about how the planned use of state reserve funds for summer learning and enrichment will be coordinated with and aligned to other initiatives, including other state reserve funds, interventions detailed in the LEA's ARP-ESSER Plan: Part 2, or other LEA initiatives, including those supported by CARES, CRRSA, Title I Part A, IDEA or other fund sources.**

Our District selected evidenced based programs such as Foundations K-2, Savvas Reading Street K-5, Savvas Envisions Math K-5, and Credit Recovery Programs to provide instruction and accelerate learning for our students. Each program was selected based on its rigor, alignment to Common Core and Next Generation Standards, technology integration, home to school connections, core instructional materials, and evidence based practices to support and teach our struggling students. These programs are aligned to our grade level curriculum maps and NYS Learning Standards. Our enrichment programs will be aligned with the NYS Standards for PE, Music, and Arts utilizing best instructional practices with a focus on providing a positive experience for all students.

The district will ensure that state reserve funding will coordinate with other funding sources by tracking expenditures from those funds that are targeted to the summer programs identified in this application and the ARP-ESSER application, making adjustments when necessary. The district will ensure that all schools receive equitable funding based on student population and need. Funds such as Title I A serve as the primary method of funding of our AIS program in two elementary schools and is designed as a supplement not supplant funding mechanism. The district will continue to utilize those funds in the same manner as we have in the past.

- In the chart below, please provide additional information about the planned evidence-based interventions that have been selected to address the impacts of lost instructional time. For each row, please select a planned intervention from the drop-down menu or select "Other Evidence-Based Intervention" as needed. For each planned intervention, indicate the amount of ARP State-Reserve funding that will be invested, the grade levels to be served, targeted student groups to be served, and a detailed description of the specific activities that will be implemented. Please add rows as necessary to reflect the district's entire plan for the use of State-Reserve funds to address the impact of lost instructional time.**

Provide details about how changes to the program plan (such as changes in identified areas of need or supports provided to students) will be communicated to stakeholders.

The summer academic programs will be assessed by progress reports, performance on tests/quizzes and report cards. The enrichment programs will be assessed by participation growth and learning, with an opportunity to showcase their learning and progress via art shows, concerts, and athletic contests.

Changes to a student's individual program will be communicated to the parents via meeting or phone call to discuss the necessity of changes and outcomes anticipated. Universal changes to a program that affects many students will be shared with teachers, teacher assistants, aides, counselors, and social workers initially. Once the changes are understood and accepted by those stakeholders, parents will receive an update via letter, email, or district notification detailing those changes, along with a rationale and the expected outcomes of such (a) change(s).
