## INDEPENDENT AUDITOR'S REPORT

To the Dothan City Board of Education

Dothan, Alabama

### Report on the Audit of the Financial Statements

#### *Opinions*

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Dothan City Board of Education, as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Dothan City Board of Education's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Dothan City Board of Education, as of September 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Dothan City Board of Education and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### *Emphasis of Matter*

As discussed in Note 5, the Dothan City Board of Education's basic financial statements for the year ended September 30, 2022, reflect the provision of the Governmental Accounting Standards Board's (GASB) Statement Number 87, *Leases*. The Dothan City Board of Education implemented the requirements of GASB Statement Number 87 during the fiscal year. Our opinion on the basic financial statements is not modified with respect to this matter.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Dothan City Board of Education's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Dothan City Board of Education's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Dothan City Board of Education's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis (MD&A), the Schedule of the Employer's Proportionate Share of the Collective Net Pension Liability, the Schedule of the Employer's Contributions – Pensions, the Schedule of the Employer's Proportionate Share of the Collective Net OPEB Liability, the Schedule of the Employer's Contributions – OPEB, and budgetary comparison information on pages 4–13 and 50–57 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Dothan City Board of Education's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated June 23, 2023 on our consideration of the Dothan City Board of Education's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Dothan City Board of Education's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Dothan City Board of Education's internal control over financial reporting and compliance.

**DOTHAN CITY BOARD OF EDUCATION  
MANAGEMENT’S DISCUSSION AND ANALYSIS  
REQUIRED SUPPLEMENTARY INFORMATION (RSI)  
SEPTEMBER 30, 2022**

This section of the Dothan City Board of Education’s (the Board) annual financial report presents our discussion of the Board’s financial performance for the fiscal year ended September 30, 2022. The intent of this discussion and analysis is to look at the Board’s financial performance as a whole. Readers should read this in conjunction with their review of the financial statements.

The Management Discussion and Analysis (MD&A) is an element of the reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34 *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments* issued June 1999. Certain comparative information between the current year and the prior year is required to be presented in the MD&A. The Board has included the information in this report.

**FINANCIAL HIGHLIGHTS**

Key financial highlights for the year ended September 30, 2022, are as follows:

- Total net position of (\$ 61,217,005.24)
- Increase in net position of \$ 31,156,087.31 during the current fiscal year
- Total fund balances of all governmental funds equaled \$ 29,354,495.89
- Unassigned general fund balance equaled \$ 12,140,799.92
- Total general fund net change in fund balance was \$ 2,266,497.20

**OVERVIEW OF THE FINANCIAL STATEMENTS**

The discussion and analysis is intended to serve as an introduction to the Board’s basic financial statements. The Board’s basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains supplementary information in addition to the basic financial statements themselves.

The government-wide financial statements are the statement of net position and statement of activities. The focus of these statements is to provide information about the activities of the Board as a whole indicating both long-term and short-term information about the Board’s overall financial status.

Fund financial statements tell how the general government services were financed in the short term as well as what remains for future spending. These statements present more detail of the Board’s activities than the government-wide financial statements. The fund financial statements focus more on the near term use and availability of spendable resources.

Notes to the financial statements explain some of the information in the financial statements and provide more detailed data. The notes to the financial statements begin on page 21. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements. Figure A-1 shows how the required parts of this annual report are arranged and related to one another.

Figure A-1. Required Components of the Board’s Annual Financial Report

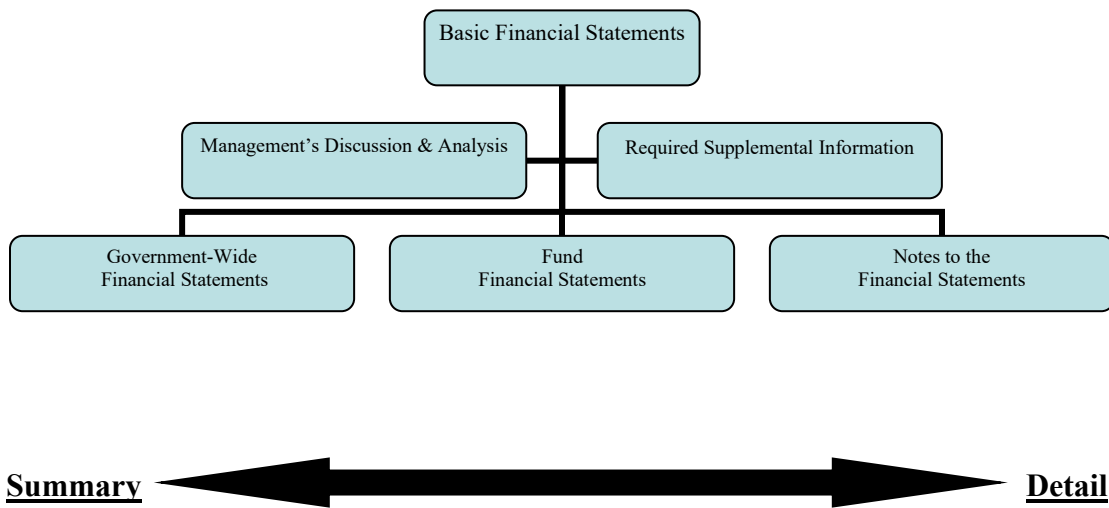

Figure A-2 summarizes the major features of the Board’s financial statements, including the portion of the Board that they cover and the types of information they contain. The remainder of this overview section of Management’s Discussion and Analysis explains the structure and contents of the statements.

### **Government-Wide Statements**

The government-wide statements report information about the Board as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Position includes all of the Board’s assets and liabilities. All of the current year’s revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid.

The two government-wide statements report the Board's net position and how they have changed. Net position is the difference between the Board's assets and liabilities and is one way to measure the Board's financial health or position.

- Over time, increases or decreases in the Board's net position are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the Board, the user should consider additional nonfinancial factors such as changes in the Board's tax base or student enrollment.

The government-wide financial statements of the Board are included in the category *Governmental Activities*. Most of the Board's basic services are included here, such as instruction, instructional support, extracurricular activities, curriculum and staff development, maintenance, student transportation, and general administration. State revenues, property taxes, sales taxes, and grants finance most of these activities.

### **Fund Financial Statements**

The fund financial statements provide more detailed information about the Board's most significant funds; not the Board as a whole. Funds are accounting devices that the Board uses to keep track of specific sources of funding and spending for particular purposes.

- Some funds are required by State law and by bond covenants.
- The Board establishes other funds to control and manage money for particular purposes or to show that it is properly using certain taxes and grants.

The Board has two kinds of funds:

- *Governmental Funds* – Most of the Board's basic services are included in governmental funds, which focus on (1) how cash and other financial assets that can be readily converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Board's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental funds statement, or on the subsequent pages, that explain the relationship (or differences) between them.
- *Fiduciary Funds* - The Board is trustee, or fiduciary, for certain activities contained within its schools such as clubs, classes, or parent organizations. All of the Board's activities in this area are reported in a separate Statement of Fiduciary Net Position. These funds are not available to finance Board operations, and are, therefore, not included in the government-wide financial statements. The board is responsible for insuring that the assets reported by these funds are used for their intended purposes.

## FINANCIAL ANALYSIS OF THE BOARD AS A WHOLE

**Net position** – The Board’s combined net position for the year ended September 30, 2021, totaled (\$ 92.373) million and (\$ 61.217) million for fiscal year ended September 30, 2022, as shown below in Figure A-3.

**Figure A-3**

<b>Total Net Position</b>	<b>\$ (61.217)</b>	<b>\$ (92.373)</b>	<b>\$ 31.156</b>

The accompanying Notes to the Financial Statements are an integral part of the above statement.

A portion of the net position is either restricted as to the purposes they can be used for or they are invested in capital assets. Unrestricted net position totaled (\$ 127.282) million for fiscal years ended September 30, 2021 and (\$ 117.098) million for September 30, 2022.

**General revenues** – Refer to *Figure A-4* when reading the following analysis. The Board’s total general revenues for fiscal years ended September 30, 2021 were \$74.605 million and \$79.026 million for September 30, 2022. For fiscal years ended September 30, 2021 and September 30, 2022 a significant portion, 65.90% and 65.75%, respectively of the Board’s general revenue derived from state aid. Also, 9.31% and 8.27% derived from local aid and 12.19% and 12.10% derived from sales taxes with 12.19% and 11.99% derived from property taxes.

The total cost of all programs and services was \$ 97.512 million. 64.974% of these costs were for instructional and instructional support services.

## **FUND LEVEL FINANCIAL ANALYSIS**

As noted earlier, the fund financial statements provide a detailed short-term view of the Board's government operations. Following is information on the most significant changes in the governmental fund statements:

The general fund reported an ending fund balance of \$ 12.752 million. The general fund balance increased by \$ 2.266 million as a result of current year operations.

The food service fund which is a major fund within the special revenue funds category reported an ending fund balance of \$ 3.148 million. Current year operations resulted in an increase in the food service fund balance of \$ 1.248 million.

The debt services fund reported an ending fund balance of \$ 2.624 million. The debt services fund balance increased by \$ 0.281 million during the current fiscal year.

The local school – public fund which is a major fund within the special revenue funds category reported an ending fund balance of \$ 1.485 million. The local school – public fund balance increased by \$ 0.185 million during the current fiscal year.

The capital projects fund reported an ending fund balance of \$ 8.062 million. The capital projects fund balance increased by \$ 7.027 million during the current fiscal year.

## **GENERAL FUND BUDGETARY HIGHLIGHTS**

- Over the course of the year, the Board revised its budget several times. Actual expenditures were \$ 1.440 million under final budget amounts.
- Revenues available were \$ 3.266 million over final budget amounts. This is due primarily to an increase in state, local, and other revenues.
- Budgeted Revenues and Other Fund Sources were in excess of Expenditures and Other Fund Uses by \$ 3.107 million.

## **CAPITAL ASSETS**

At September 30, 2022, the Board had invested \$ 116.993 million in a broad range of capital assets, including land, buildings, equipment and vehicles. (See Figure A-6). This amount represents a net increase (including additions and deductions) of \$ 17.253 million or 27.500% over last year. Significant acquisitions were in construction in progress. Such assets are valued at cost where historical records are available and at an estimated historical cost where no historical records exist.

\* See note disclosure 5

More detailed information about the Board's long-term liabilities is presented in the notes to the basic financial statements.

## **ECONOMIC FACTORS AND FISCAL YEAR 2023 BUDGET**

County and district wide ad valorem tax collections for fiscal year 2022 increased slightly. Sales tax collections increased approximately 5%.

The Board had more than one-month operating balance at the end of the 2022 fiscal year. Consolidation in prior years and changes in leadership have had a positive impact on learning and operational expenses.

At the time these financial statements were prepared and audited, the Board was aware that the system's ADM had decreased slightly, thus resulting in a decrease to earned teacher units, state revenues, state allocations for classroom instructional supply funds, state professional development funds, and state technology funds. The decrease has stabilized to less than 10 units from FY22 to FY23 compared to more than 30 annually from FY19 to FY22.

Employer contributions to the Teachers Retirement System (TRS) changed from 12.36% for fiscal year 2022 to 12.59% for fiscal year 2023 for Tier I employees and from 11.32% for fiscal year 2022 to 11.44% in fiscal year 2023 for Tier 2 employees. Employee contributions for Tier 1 employees remained at 7.5% and 6.0% for Tier 2 employees respectively. The effect of unfunded pension liabilities at the state level will continue to impact the system significantly.

The City of Dothan is committed to Dothan City Schools, as evidenced in the Dothan Strategic Planning 2023. The Commission Commitment 2023 continued to empower both organizations with open communication to ascertain how the City could effectively assist the System with funding and other interventions to have a positive impact on enrollment and student learning. Expectations for success include reversed student attrition, families returning to the System, continued rise in academic achievement goals, graduation rates remain above the 90% target while college-going rates increase and remediation rates decline. The City of Dothan has experienced no new property tax increases. Unemployment in Dothan continues to improve over the past five years.

## **CONTACTING THE GOVERNMENT'S FINANCIAL MANAGEMENT**

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the Board's finances and to demonstrate the Board's accountability for money it receives. If you have questions about this report or need additional financial information, contact the Board's Financial Services Department.

**DOTHAN CITY BOARD OF EDUCATION  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2022**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the Dothan City Board of Education (the Board) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the standard-setting body for governmental accounting and financial reporting. The more significant accounting policies of the Board are described below.

**Reporting Entity**

The Board is elected by the public and it has the authority to make decisions, appoint administrators and managers, and significantly influence operations. It also has the primary accountability for fiscal matters. There are no component units which should be included as part of the financial reporting entity of the Board.

The Board is a legally separate agency of the State of Alabama.

**Government-Wide and Fund Financial Statements**

The Statement of Net Position and the Statement of Activities are government-wide financial statements. They report information on all of the Board's activities, except for fiduciary activities, with most of the interfund activities removed. Governmental activities include programs supported primarily by taxes, state foundation funds, grants, and other intergovernmental revenues. All of the Board's government-wide activities are considered governmental activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide financial statements use the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements use the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets, current liabilities, and fund balances are included on the balance sheet. Operating statements of these funds present net increases and decreases in current assets (i.e., revenues and other financing sources and expenditures and other financing uses).

**DOTHAN CITY BOARD OF EDUCATION  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2022**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED**

The modified accrual basis of accounting recognizes revenues in the accounting period in which they become both measurable and available and it recognizes expenditures in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest and principal on long-term debt, which is recognized when due. The Board considers all revenues available if they are collectible within 60 days after the year end.

Those revenues susceptible to accrual are state vocational funds, federal child nutrition funds, federal grants, and others dependent upon the circumstances. Accordingly, these revenues have been recognized in the current fiscal period. All other revenue items are considered to be available only when cash is received by the Board.

Fiduciary funds are accounted for using the economic resources measurement focus and the accrual basis of accounting.

**Fund Accounting**

The Board reports the following major governmental funds:

1. The General Fund – This fund is the Board’s primary operating fund. It accounts for all financial resources except those required to be accounted for in another fund.
2. Food Services Fund – This special revenues fund is used to account for the financial resources related to the Board’s food services program.
3. Debt Services Fund – This fund is used to account for money that will be used to pay the interest and principal of long term debts.
4. Local School-Public Fund – This special revenues fund is used to account for financial resources of public funds at the local school level.
5. Capital Projects Fund – This fund is used to account for financial resources used to acquire or construct major capital assets.

Additionally, the Board reports the following fund types:

Special Revenue Funds – These funds are used to account for resources restricted to, or designated for, specific purposes by the Board or a grantor in a special revenue fund.

Agency Fund – The Board accounts for resources held for others in a custodial capacity in agency funds. The Board’s agency fund is used to record transactions of student groups for school and school-related purposes.

**Other Accounting Policies**

*Cash and Cash Equivalents*

Cash includes amounts in demand deposits as well as short-term investments with a maturity date within three months of the date acquired by the Board.

The Dothan City Board of Education can only invest in securities of the United States Government.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED**

*Interfund Receivables and Payables*

Activities between funds that are representative of lending or borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to/from other funds” (i.e., the current portion of interfund loans) or “advances to/from other funds” (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as “due to/from other funds.” Interfund receivables and payables are eliminated on the government wide statement of net assets.

*Inventories*

Inventories are valued at cost, which approximated market, using the first-in/first-out (FIFO) method. The costs of governmental fund-type inventories are recorded as expenditures when purchased except commodities donated by the federal government. These are expensed when consumed except for minimum core quantities of commodities inventory being reserved.

*Capital Assets*

Capital assets, which include land, buildings, equipment, and vehicles, are reported in the applicable governmental activities column in the government-wide financial statements. Capital assets are defined by the Board as assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and Building Improvements	20-30
Furniture and Other Equipment	5-20
Buses and Other Vehicles	5-10

*Deferred Outflows of Resources*

Deferred outflows of resources are reported in the Statement of Net Position. Deferred outflows of resources are defined as a consumption of net position by the government that is applicable to a future reporting period. Deferred outflows of resources increase net position, similar to assets.

*Compensated Absences*

Professional and support personnel are provided two days of personal leave per year with pay. Professional employees are paid, at the Board's substitute rate, for up to two days of unused personal leave. Because unused personal leave cannot be carried over to succeeding years, no liability for unpaid leave is accrued in the financial statements.

Twelve month employees are allowed two weeks of vacation per year with pay. Because unused vacation leave can be carried over to succeeding years, a liability for unused vacation is accrued in the financial statements.

Professional and support employees earn non-vesting sick leave at the rate of one day per month worked. Employees may accumulate an unlimited amount of sick leave. Employees may use one day per month worked of their accrued sick leave as membership service in determining the total years of creditable service in the teachers' retirement system, with no additional cost to the Board. Because employees do not receive compensation for unused sick leave at termination, no liability is recorded in the financial statements.

*Long-Term Debt*

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. If applicable, bond premiums and discounts are deferred and amortized over the life of the debt. Bonds payable are reported net of any applicable bond premium or discounts. Bond issuance costs, if applicable, are reported as an expense in the period incurred.

In the fund financial statements, governmental fund types recognize any bond premiums and discounts, as well as any bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts are reported as other financing uses. Issuance costs are reported as expenditures.

*Deferred Inflows of Resources*

Deferred inflows of resources are reported in the government-wide financial statements. Deferred inflows of resources are defined as an acquisition of net position by the government that is applicable to a future reporting period. Deferred inflows of resources decrease net position, similar to liabilities.

*Pensions*

The Teachers' Retirement System of Alabama's (the Plan or TRS) financial statements are prepared using the economic resources measurement focus and accrual basis of accounting. Contributions are recognized as revenues when earned, pursuant to Plan requirements. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan. Expenses are recognized when the corresponding liability is incurred, regardless of when the payment is made. Investments are reported at fair value. Financial statements are prepared in accordance with requirements of the Governmental Accounting Standards Board (GASB). Under these requirements, the Plan is considered a component unit of the State of Alabama and is included in the State's Comprehensive Annual Financial Report.

*Postemployment Benefits Other Than Pensions (OPEB)*

The Alabama Retired Education Employees' Health Care Trust (Trust) financial statements are prepared by using the economic resources measurement focus and accrual basis of accounting. This includes for purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Trust and additions to/deductions from the Trust's fiduciary net position. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions are recognized when due pursuant to plan requirements. Benefits are recognized when due and payable in accordance with the terms of the plan. Subsequent events were evaluated by management through the date the financial statements were issued.

*Budgets*

Budgets are adopted for the governmental funds using the modified accrual basis of accounting. Budget to actual comparisons of the general fund is reported as required supplementary information which follows the notes to the basic financial statements.

*Net Position and Fund Balance*

**Government-Wide Financial Statements**

When the Board incurs an expense for which it may use either restricted or unrestricted net position, it uses restricted net position first unless unrestricted net position will have to be returned because they were not used. Net position on the Statement of Net Position includes the following:

Net Investment in Capital Assets – The component of net position that reports the difference between capital assets less both the accumulated depreciation and the outstanding balance of debt that is directly attributable to the acquisition, construction, or improvement of these capital assets.

Restricted – The component of net position with constraints on their use imposed by external creditors, grantors, contributors, laws or regulations of other governments, or law through constitutional provision or enabling legislation.

Unrestricted – The component of net position that is not subject to externally imposed stipulations. Unrestricted net position may be designated for specific purposes by action of the Board.

FOR THE YEAR ENDED SEPTEMBER 30, 2022**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED**

**Governmental Fund Financial Statements**

In the fund financial statements, governmental funds report fund balances under the following five categories:

**Nonspendable** – The portion of fund balances that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. Examples of nonspendable fund balance reserves for which fund balance shall not be available for financing general operating expenditures include: inventories, prepaid items, and long-term receivables.

**Restricted** – The portion of fund balances consisting of amounts that are subject to externally enforceable legal restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments; or through constitutional provisions or enabling legislation.

**Committed** – The portion of fund balances that are subject to a purpose constraint imposed by formal action or resolution of the Board, which is the highest level of decision-making authority, before the end of the fiscal year and that require the same level of formal action to remove or modify the constraint.

**Assigned** – The portion of fund balances that are intended to be used for specific purposes. The Board makes the determination of the assigned amounts of fund balance. Assignments may not exceed the available (spendable, unrestricted, uncommitted) fund balance in any particular fund. Assigned fund balances require the same level of authority to remove the constraint.

**Unassigned** – The portion of fund balances that are spendable and not contained in the other classifications. This portion of the total fund balance in the general fund is available to finance operating expenditures.

When an expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) amounts are available, it shall be determined that restricted net position is reduced first unless unrestricted (committed, assigned, or unassigned) amounts will have to be returned because they were not used. When an expenditure is incurred for the purposes for which amounts in any of the unrestricted fund balance classifications could be used, it shall be the determination of the Board or its designee that committed amounts would be reduced first, followed by assigned amounts and then unassigned amounts. The Board, along with the Superintendent and Chief Financial Officer will periodically review all restricted, committed, and assigned fund balances, if any.

The State of Alabama Department of Education requires local school boards to maintain a minimum of one month's operating expenses (as defined by law) in the General Fund fund balance, or have a subsequent budget that will cause the fund balance to exceed one month's operating expense.

As of September 30, 2022, the government-wide financial statements reported a deficit net position of (\$61,217,005.24). The deficit in net position is due to the implementation of GASB Statement Number 68, relating to Pensions and GASB Statement Number 75, as amended by GASB Statement Number 85, relating to Other Post Employment Benefits.

**NOTE 2 – CASH AND INVESTMENTS**

At September 30, 2022, the carrying amount of cash and cash equivalents was \$ 13,845,931.31. The Board participates in the Security for Alabama Funds Enhancement Program (SAFE Program). Under the SAFE Program all public funds are protected through a collateral pool administered by the Alabama State Treasurer’s Office. The Board’s cash balances not covered by the SAFE Program at financial institutions may exceed Federal Deposit Insurance Corporation (FDIC) limits during the year.

The Board has deposits totaling \$ 2,624,271.53 in the debt service fund which are shown as cash with fiscal agents on the fund financial statements and restricted assets on the government-wide financial statements. Additionally, the Board has deposits totaling \$ 7,575,307.08 in the capital projects fund which are shown as cash with fiscal agents on the fund financial statements and restricted assets on the government-wide financial statements. These funds are not covered by the SAFE Program. Funds are invested in short-term money market funds and amounts in excess of FDIC coverage are required by the provisions of the lease and bond covenants to be invested in federal securities. Amounts on deposit with fiscal agents are invested as shown below:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Maturity</u>	<u>Rating</u>

*Warrants*

In fiscal year 2019, the Board issued Special Tax School Warrants, Series 2019, dated January 31, 2019 (“the Warrants”) aggregating \$14,260,000.00 in principal amounts, which were authorized to be issued and were sold by the Board by a resolution adopted by the Board at a regular meeting thereof held on January 22, 2019. Pursuant to Act No. 89-480 enacted at the 1989 Regular Session of the Legislature of the state of Alabama (the “Special Sales Tax Act”), as amended, there are levied in the County special privilege, license, and excise taxes generally paralleling the state sales and use taxes (the “Special Sales Tax”). The Special Sales Tax Act provides that the Special Sales Tax is to be collected and administered by the County or its agent. The Warrants were issued to provide the funds necessary to pay a portion of the costs of various capital improvements to the public school facilities of the Board and to pay the costs of issuing the Warrants. Expenditures for the improvements will constitute capital expenditures necessary to carry out the governmental purposes of the Warrants (i.e., operation of the public schools in the Dothan City School District) and are expected to principally relate to acquisition, construction, and equipping various public school capital improvements, including, without limitation, roofing improvements, HVAC system, ceiling and lighting and bathroom facility upgrades, and various upgrades to be made in furtherance of the Americans with Disabilities Act. Interest rates range from 3% - 4%. Payments are due annually in January and July.

In fiscal year 2022, the Board issued Special Tax School Warrants, Series 2022, dated January 20, 2022 (“the Warrants”) aggregating \$8,095,000.00 in principal amounts, which were authorized to be issued and were sold by the Board by a resolution adopted by the Board at a regular meeting thereof held on January 18, 2022. Pursuant to Act No. 89-480 enacted at the 1989 Regular Session of the Legislature of the state of Alabama (the “Special Sales Tax Act”), as amended, there are levied in the County special privilege, license, and excise taxes generally paralleling the state sales and use taxes (the “Special Sales Tax”). The Special Sales Tax Act provides that the Special Sales Tax is to be collected and administered by the County or its agent. The Warrants were issued to provide the funds necessary to pay a portion of the costs of various capital improvements to the public school facilities of the Board and to pay the costs of issuing the Warrants. Expenditures for the improvements will constitute capital expenditures necessary to carry out the governmental purposes of the Warrants (i.e., operation of the public schools in the Dothan City School District) and are expected to principally relate to acquisition, construction, and equipping various public school capital improvements, most specifically the Dothan High Athletic Complex. The interest rate is 2%. Interest payments were due monthly beginning in fiscal year ending September 30, 2022, and principal payments are due monthly beginning in fiscal year ending September 30, 2031.

*Qualified School Construction Bonds (QSCB)*

On January 28, 2010, the Dothan City Board of Education participated in the State of Alabama – Qualified School Construction Bond (QSCB) issue in the amount of \$3,752,000.00. Bond proceeds will be used to upgrade HVAC equipment and systems, lighting upgrades, energy efficiency system enhancements and classroom additions at three elementary schools. Interest payments are payable quarterly in March, June, September and December of each year and the interest rate is 1.865%. The Board is required to make sinking fund deposits of \$195,258.55 annually in December for 15 years so that such deposits and any interest earned thereon shall be used to pay the principal of the bonds upon maturity and are pledged to pay the debt service requirements of the bonds. The sinking fund payments are payable from and secured by a pledge of the Board’s public school outlay allocation (3 mill state property tax allocation) for public school purposes.

The following is a schedule of debt service requirements in regard to the QSCB issue:

**NOTE 6 – DEFINED BENEFIT PENSION PLAN**

**Plan Description**

The TRS, a cost-sharing multiple-employer public employee retirement plan, was established as of September 15, 1939, pursuant to the *Code of Alabama 1975, Title 16, Chapter 25* (Act 419 of the Legislature of 1939) for the purpose of providing retirement allowances and other specified benefits for qualified persons employed by State-supported educational institutions. The responsibility for the general administration and operation of the TRS is vested in its Board of Control which consists of 15 trustees. The plan is administered by the Retirement Systems of Alabama (RSA). The *Code of Alabama 1975, Title 16, Chapter 25* grants the authority to establish and amend the benefit terms to the TRS Board of Control. The plan issues a publicly available financial report that can be obtained at [www.rsa-al.gov](http://www.rsa-al.gov).

**DOTHAN CITY BOARD OF EDUCATION  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2022**

**NOTE 6 – DEFINED BENEFIT PENSION PLAN, CONTINUED**

**Benefits Provided**

State law establishes retirement benefits as well as death and disability benefits and any ad hoc increase in postretirement benefits for the TRS. Benefits for TRS members vest after 10 years of creditable service. TRS members who retire after age 60 with 10 years or more of creditable service or with 25 years of service (regardless of age) are entitled to an annual retirement benefit, payable monthly for life. Service and disability retirement benefits are based on a guaranteed minimum or a formula method, with the member receiving payment under the method that yields the highest monthly benefit. Under the formula method, members of the TRS are allowed 2.0125% of their average final compensation (highest 3 of the last 10 years) for each year of service.

Act 377 of the Legislature of 2012 established a new tier of benefits (Tier 2) for members hired on or after January 1, 2013. Tier 2 TRS members are eligible for retirement after age 62 with 10 years or more of creditable service and are entitled to an annual retirement benefit, payable monthly for life. Service and disability retirement benefits are based on a formula method. Under the formula method, Tier 2 members of the TRS are allowed 1.65% of their average final compensation (highest 5 of the last 10 years) for each year of service up to 80% of their average final compensation. Members are eligible for disability retirement if they have 10 years of credible service, are currently in-service, and determined by the RSA Medical Board to be permanently incapacitated from further performance of duty. Preretirement death benefits equal to the annual earnable compensation of the member as reported to the plan for the preceding year ending June 30 are paid to a qualified beneficiary.

**Contributions**

Covered Tier 1 members of the TRS contributed 5.00% of earnable compensation to the TRS as required by statute until September 30, 2011. From October 1, 2011 to September 30, 2012, covered members of the TRS were required by statute to contribute 7.25% of earnable compensation. Effective October 1, 2012, covered members of the TRS are required by statute to contribute 7.50% of earnable compensation. Certified law enforcement, correctional officers, and firefighters of the TRS contributed 6.00% of earnable compensation as required by statute until September 30, 2011. From October 1, 2011 to September 30, 2012, certified law enforcement, correctional officers, and firefighters of the TRS were required by statute to contribute 8.25% of earnable compensation. Effective October 1, 2012, certified law enforcement, correctional officers, and firefighters of the TRS are required by statute to contribute 8.50% of earnable compensation.

Effective October 1, 2021, the covered Tier 2 members contribution rate increased from 6.00% to 6.20% of earnable compensation to the TRS as required by statute. Effective October 1, 2021, the covered Tier 2 certified law enforcement, correctional officers, and firefighters contribution rate increased from 7.00% to 7.20% of earnable compensation to the TRS as required by statute.

Participating employers' contractually required contribution rate for the fiscal year ended September 30, 2022 was 12.43% of annual pay for Tier 1 members and 11.32% of annual pay for Tier 2 members. These required contribution rates are a percent of annual payroll, actuarially determined as an amount that, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, with an additional amount to finance any unfunded accrued liability. Total employer contributions to the pension plan from the Board were \$ 6,409,494.02 for the year ended September 30, 2022.

**NOTE 6 – DEFINED BENEFIT PENSION PLAN, CONTINUED**

**Pension Liabilities, Pension Expense, and Deferred Outflows and Inflows of Resources Related to Pensions**

At September 30, 2022, the Board reported a liability of \$ 64,454,000.00 for its proportionate share of the collective net pension liability. The collective net pension liability was measured as of September 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of September 30, 2020. The Board’s proportion of the collective net pension liability was based on the employers’ shares of contributions to the pension plan relative to the total employer contributions of all participating TRS employers. At September 30, 2021, the Board’s proportion was 0.684202%, which was a decrease of 0.013474% from its proportion measured as of September 30, 2020.

For the year ended September 30, 2022, the Board recognized pension expense of \$4,123,737.45. At September 30, 2022, the Board reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 2,984,000	\$ 3,755,000
Changes of assumptions	6,766,000	-
Net difference between projected and actual earnings on pension plan investments	-	15,214,000
Changes in proportion and differences between employer contributions and proportionate share of contributions	1,247,000	2,535,000
Employer contributions subsequent to the measurement date	6,409,494	-
Total	<u>\$ 17,406,494</u>	<u>\$ 21,504,000</u>

\$6,409,494.02 reported as deferred outflows of resources related to pensions resulting from Board contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended September 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2022**

**NOTE 6 – DEFINED BENEFIT PENSION PLAN, CONTINUED**

**Actuarial Assumptions**

The total pension liability as of September 30, 2021 was determined by an actuarial valuation as of September 30, 2020, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%
Investment Rate of Return*	7.45%
Projected Salary Increases	3.25% - 5.00%

\*Net of pension plan investment expense

The actuarial assumptions used in the actuarial valuation as of September 30, 2020, were based on the results of an investigation of the economic and demographic experience for the TRS based upon participant data as of September 30, 2020. The Board of Control accepted and approved these changes in September 2021 which became effective at the beginning of fiscal year 2021.

Mortality rates were based on the Pub-2010 Teacher tables with the following adjustments, projected generationally using scale MP-2020 adjusted by 66.67% beginning with year 2019.

<u>Group</u>	<u>Membership Table</u>	<u>Set Forward(+)/Setback(-)</u>	<u>Adjustment to Rate</u>
Service Retirees	Teacher Retiree Below Median	Male: +2, Female: +2	Male: 108% ages<63, 96% ages>67; Phasing down 63-67 Female: 112% ages<69, 98%>age 74; Phasing down 69-74
Beneficiaries	Contingent Survivor Below Median	Male: +2, Female: None	None
Disabled Retirees	Teacher Disability	Male: +8, Female: +3	None

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimates of geometric real rates of return for each major asset class are as follows:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Rate of Return*</u>
Fixed Income	15.00%	2.80%
U. S. Large Stocks	32.00%	8.00%
U. S. Mid Stocks	9.00%	10.00%
U. S. Small Stocks	4.00%	11.00%
International Developed Market Stocks	12.00%	9.50%
International Emerging Market Stocks	3.00%	11.00%
Alternatives	10.00%	9.00%
Real Estate	10.00%	6.50%
Cash Equivalents	5.00%	2.50%
Total	100.00%	

\*Includes assumed rate of inflation of 2.00%

**DOTHAN CITY BOARD OF EDUCATION  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2022**

**NOTE 6 – DEFINED BENEFIT PENSION PLAN, CONTINUED**

**Discount Rate**

The discount rate used to measure the total pension liability was 7.45%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that the employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, components of the pension plan’s fiduciary net position were projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Sensitivity of the Board’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate**

The following table presents the Board’s proportionate share of the net pension liability calculated using the discount rate of 7.45%, as well as what the Board’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.45%) or 1-percentage point higher (8.45%) than the current rate (dollar amounts in thousands):

	1% Decrease (6.45%)	Current Discount Rate (7.45%)	1% Increase (8.45%)
Board's proportionate share of collective net pension liability	\$ 94,870	\$ 64,454	\$ 38,836

**Pension Plan Fiduciary Net Position**

Detailed information about the pension plan’s fiduciary net position is available in the separately issued RSA Annual Comprehensive Financial Report for the fiscal year ended September 30, 2021. The supporting actuarial information is included in the GASB Statement No. 67 Report for the TRS prepared as of September 30, 2021. The auditor’s report on the Schedule of Employer Allocations and Pension Amounts by Employer and accompanying notes detail by employer and in aggregate information needed to comply with GASB 68 is also available. **DOTHAN CITY BOARD OF EDUCATION  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2022**

**NOTE 7 – RISK MANAGEMENT**

The Board is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; error and omissions; injuries to employees; and natural disasters. Insurance coverage is provided by the City of Dothan on all buildings and contents with the exception of Kelly Springs and the transportation/maintenance building on Third Avenue. The Board provides building and content coverage on those two complexes. In addition, the Board provides a general liability and errors and omissions policy and automobile coverage for its buses and other vehicles. Liability and property insurance coverage is also provided by the Board for some federally owned property that is used in the JROTC program.

Employee health insurance is provided through the Public Education Employees’ Health Insurance Fund (PEEHIF), administered by the Public Education Employees’ Health Insurance Board (PEEHIB). The fund was established to provide a uniform plan of health insurance for current and retired employees of state educational institutions and is self-sustaining. Monthly premiums for employee and dependent coverage are determined annually by the plan’s actuary and based on anticipated claims in the upcoming year, considering any remaining fund balance on hand available for claims. The Board contributes the specified amount monthly to the PEEHIF for each employee of state educational institutions. The Board’s contribution is applied against the employee’s premium for the coverage selected and the employee pays any remaining premium.

The Board does not have insurance coverage for job-related injuries. Claims for employee job-related injuries may be filed with the State Board of Adjustments. The Board of Adjustments determines if a claim is valid and determines the proper amount of compensation. Payments are made from state appropriated funds at no cost to the Board. No such claims or related settlements have occurred in the past three years.

**NOTE 8 – INTERFUND TRANSFERS**

The amounts of interfund transfers during the fiscal year ended September 30, 2022 were as follows:

**NOTE 9 – COMMITMENTS AND CONTINGENCIES**

The Board is a defendant in various lawsuits as of June 23, 2023. Although the outcome of these lawsuits is not presently determinable, in the opinion of the Board's attorney, the outcome of these lawsuits will not have a materially adverse effect on the accompanying combined financial statements and accordingly, no provision for losses has been recorded.

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Board expects such amounts, if any, to be immaterial. Accordingly, no provision has been recorded in the accompanying combined financial statements for such contingencies.

**NOTE 10 – PAYMENTS OR SERVICES FURNISHED BY OTHER AGENCIES**

Certain payments or services are furnished by the State and the City of Dothan on behalf of the Board. Included in these items are the employer portion of fringe benefits (health insurance, retirement, unemployment compensation), textbooks, payments from bond issue proceeds (Public School and College Authority), donated fixed assets, utilities, and payment on City bond issues for school purposes. These payments or services are reflected as revenues and expenditures on the Board's financial statements in the applicable funds for which they apply. Legal title to some of the Board's land and buildings is held by the City of Dothan, and the related amounts are not reported in the accompanying financial statements. As of September 30, 2022, the Board utilized such land and buildings with aggregate costs of \$ 1,091,159.51 and \$ 42,363,359.58, respectively.

**NOTE 11 – DONATED FOOD PROGRAM**

The commodities received from the Federal government in connection with the donated food program are reflected in the accompanying financial statements. The total assigned value of commodities donated was \$ 400,103.50 at September 30, 2022. Commodities consumed were approximately \$ 362,902.85.

**NOTE 12 – OTHER POSTEMPLOYMENT BENEFITS (OPEB)**

**Plan Description**

The Alabama Retired Education Employees' Health Care Trust (Trust) is a cost-sharing multiple-employer defined benefit postemployment healthcare plan that administers healthcare benefits to the retirees of participating state and local educational institutions. The Trust was established under the Alabama Retiree Health Care Funding Act of 2007 which authorized and directed the Public Education Employees' Health Insurance Board (Board) to create an irrevocable trust to fund postemployment healthcare benefits to retirees participating in PEEHIP. Active and retiree health insurance benefits are paid through the Public Education Employees' Health Insurance Plan (PEEHIP). In accordance with GASB, the Trust is considered a component unit of the State of Alabama (State) and is included in the State's Annual Comprehensive Financial Report.

**DOTHAN CITY BOARD OF EDUCATION  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2022**

**NOTE 12 – OTHER POSTEMPLOYMENT BENEFITS (OPEB), CONTINUED**

The PEEHIP was established in 1983 pursuant to the provisions of the *Code of Alabama 1975, Title 16, Chapter 25A* (Act 83-455) to provide a uniform plan of health insurance for the active and retired employees of state and local educational institutions which provide instruction to any combination of grades K-14 (collectively, eligible employees), and to provide a method for funding the benefits related to the plan. The four-year universities participate in the plan with respect to their retired employees and are eligible and may elect to participate in the plan with respect to their active employees. Responsibility for the establishment of the health insurance plan and its general administration and operations is vested in the Board. The Board is a corporate body for purposes of management of the health insurance plan. The *Code of Alabama 1975, Section 16-25A-4* provides the Board with the authority to amend the benefit provisions in order to provide reasonable assurance of stability in future years for the plan. All assets of the PEEHIP are held in trust for the payment of health insurance benefits. The Teachers' Retirement System of Alabama (TRS) has been appointed as the administrator of the PEEHIP and, consequently, serves as the administrator of the Trust.

**Benefits Provided**

PEEHIP offers a basic hospital medical plan to active members and non-Medicare eligible retirees. Benefits include inpatient hospitalization for a maximum of 365 days without a dollar limit, inpatient rehabilitation, outpatient care, physician services, and prescription drugs.

Active employees and non-Medicare eligible retirees who do not have Medicare eligible dependents can enroll in a health maintenance organization (HMO) in lieu of the basic hospital medical plan. The HMO includes hospital medical benefits, dental benefits, vision benefits, and an extensive formulary. However, participants in the HMO are required to receive care from a participating physician in the HMO plan.

The PEEHIP offers four optional plans (Hospital Indemnity, Cancer, Dental, and Vision) that may be selected in addition to or in lieu of the basic hospital medical plan or HMO. The Hospital Indemnity Plan provides a per-day benefit for hospital confinement, maternity, intensive care, cancer, and convalescent care. The Cancer Plan covers cancer disease only and benefits are provided regardless of other insurance. Coverage includes a per-day benefit for each hospital confinement related to cancer. The Dental Plan covers diagnostic and preventative services, as well as basic and major dental services. Diagnostic and preventative services include oral examinations, teeth cleaning, x-rays, and emergency office visits. Basic and major services include fillings, general anesthetics, oral surgery not covered under a Group Medical Program, periodontics, endodontics, dentures, bridgework, and crowns. Dental services are subject to a maximum of \$1,250 per year for individual coverage and \$1,000 per person per year for family coverage. The Vision Plan covers annual eye examinations, eyeglasses, and contact lens prescriptions.

PEEHIP members may opt to elect the PEEHIP Supplemental Plan as their hospital medical coverage in lieu of the PEEHIP Hospital Medical Plan. The PEEHIP Supplemental Plan provides secondary benefits to the member's primary plan provided by another employer. Only active and non-Medicare retired members and covered dependents are eligible to enroll in the PEEHIP Supplemental Medical Plan. There is no premium required for this plan, and the plan covers most out-of-pocket expenses not covered by the primary plan. The plan cannot be used as a supplement to Medicare, the PEEHIP Hospital Medical Plan, or the State or Local Governmental Plans administered by the State Employees' Insurance Board (SEIB).

**DOTHAN CITY BOARD OF EDUCATION  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2022**

**NOTE 12 – OTHER POSTEMPLOYMENT BENEFITS (OPEB), CONTINUED**

Effective January 1, 2017, Medicare eligible members and Medicare eligible dependents covered on a retiree contract were enrolled in the United Healthcare (UHC) Group Medicare Advantage plan for PEEHIP retirees. Effective January 1, 2020, Humana replaced the UHC contract. The MAPDP plan is fully insured by Humana and members are able to have all of their Medicare Part A, Part B, and Part D (prescription drug coverage) in one convenient plan. With the MAPDP plan for PEEHIP, retirees can continue to see their same providers with no interruption and see any doctor who accepts Medicare on a national basis. Retirees have the same benefits in and out-of-network and there is no additional retiree cost share if a retiree uses an out-of-network provider and no balance billing from the provider.

**Contributions**

The *Code of Alabama 1975, Section 16-25A-8* and the *Code of Alabama 1975, Section 16-25A-8.1* provide the Board with the authority to set the contribution requirements for the plan members and the authority to set the employer contribution requirements for each required class, respectively. Additionally, the Board is required to certify to the Governor and the Legislature, the amount, as a monthly premium per active employee, necessary to fund the coverage of active and retired member benefits for the following fiscal year. The Legislature then sets the premium rate in the annual appropriation bill.

For employees who retired after September 30, 2005, but before January 1, 2012, the employer contribution of the health insurance premium set forth by the Board for each retiree class is reduced by 2% for each year of service less than 25 and increased by 2% for each year of service over 25 subject to adjustment by the Board for changes in Medicare premium costs required to be paid by a retiree. In no case does the employer contribution of the health insurance premium exceed 100% of the total health insurance premium cost for the retiree.

For employees who retired after December 31, 2011, the employer contribution to the health insurance premium set forth by the Board for each retiree class is reduced by 4% for each year of service less than 25 and increased by 2% for each year over 25, subject to adjustment by the Board for changes in Medicare premium costs required to be paid by a retiree. In no case does the employer contribution of the health insurance premium exceed 100% of the total health insurance premium cost for the retiree. For employees who retired after December 31, 2011, who are not covered by Medicare, regardless of years of service, the employer contribution to the health insurance premium set forth by the Board for each retiree class is reduced by a percentage equal to 1% multiplied by the difference between the Medicare entitlement age and the age of the employee at the time of retirement as determined by the Board. This reduction in the employer contribution ceases upon notification to the Board of the attainment of Medicare coverage.

**OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

At September 30, 2022 the Dothan City Board of Education reported a liability of \$ 40,862,260.00 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of September 30, 2021 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of September 30, 2020. The Dothan City Board of Education's proportion of the net OPEB liability was based on Dothan City Board of Education's share of contributions to the OPEB plan relative to the total employer contributions of all participating PEEHIP employers. At September 30, 2021, the Dothan City Board of Education's proportion was 0.790860%, which was a decrease of 0.023072% from its proportion measured as of September 30, 2020.

**DOTHAN CITY BOARD OF EDUCATION  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2022**

**NOTE 12 – OTHER POSTEMPLOYMENT BENEFITS (OPEB), CONTINUED**

For the year ended September 30, 2022, the Board recognized OPEB income of \$3,578,542.00, with no special funding situations. At September 30, 2022, the Board reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources
Differences between expected and actual experience	\$ 966,802	\$	14,216,056
Changes of assumptions	14,552,700		15,838,563
Net difference between projected and actual earnings on OPEB plan investments	-		1,274,637
Changes in proportion and differences between employer contributions and proportionate share of contributions	1,334,414		8,942,327
Employer contributions subsequent to the measurement date	1,886,416		-
Total	\$ 18,740,332	\$	40,271,583

\$1,886,416.00 reported as deferred outflows of resources related to OPEB resulting from the Dothan City Board of Education’s contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended September 30, 2023.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<b>Year Ended September 30,</b>	
2023	\$ (7,489,000)
2024	\$ (5,928,876)
2025	\$ (6,189,875)
2026	\$ (1,489,569)
2027	\$ (942,414)

**Actuarial Assumptions**

The total OPEB liability was determined by an actuarial valuation as of September 30, 2020, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%
Salary Increases	5.00% - 3.25%, including 2.75% wage inflation
Long-Term Investment Rate of Return	7.00% compounded annually, net of investment expense, including inflation
Municipal Bond Index Rate at Measurement Date	2.29%
Municipal Bond Index Rate at Prior Measurement Date	2.25%
Year Fiduciary Net Position (FNP) is Projected to be Depleted	2051
Single Equivalent Interest Rate at Measurement Date	3.97%
Single Equivalent Interest Rate at Prior Measurement Date	3.05%
Healthcare Cost Trend Rate	
Initial Trend Rate	
Pre-Medicare Eligible	6.50%
Medicare Eligible	**
Ultimate Trend Rate	
Pre-Medicare Eligible	4.50% in 2028
Medicare Eligible	4.50% in 2025

\*\* Initial Medicare claims are set based on scheduled increases through plan year 2022.

The rates of mortality are based on the Pub-2010 Public Mortality Plans Mortality Tables, adjusted generationally based on scale MP-2020, with an adjustment of 66.67% to the table beginning in year 2019. The mortality rates are adjusted forward and/or back depending on the plan and group covered, as shown in the table below.

<u>Group</u>	<u>Membership Table</u>	<u>Set Forward(+)/Setback(-)</u>	<u>Adjustment to Rate</u>
Active Members	Teacher Employee Below Median	None	65%
Service Retirees	Teacher Below Median	Male: +2, Female: +2	Male: 108% ages<63, 96% ages>67; Phasing down 63-67 Female: 112% ages<69, 98% ages> 74; Phasing down 69-74
Beneficiaries	Teacher Contingent Survivor Below Median	Male: +2, Female: None	None
Disabled Retirees	Teacher Disability	Male: +8, Female: +3	None

The decremental assumptions used in the valuation were selected based on the actuarial experience study prepared as of September 30, 2020, submitted to and adopted by the Teachers' Retirement System of Alabama Board on September 13, 2021.

The remaining actuarial assumptions (e.g., initial per capita costs, health care cost trends, rate of plan participation, rates of plan election, etc.) were based on the September 30, 2020 valuation.

**DOTHAN CITY BOARD OF EDUCATION  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2022**

**NOTE 12 – OTHER POSTEMPLOYMENT BENEFITS (OPEB), CONTINUED**

The long-term expected return on plan assets is to be reviewed as part of regular experience studies prepared every five years, in conjunction with similar analysis for the Teachers’ Retirement System of Alabama. Several factors should be considered in evaluating the long-term rate of return assumption, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation), as developed for each major asset class. These ranges should be combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

The long-term expected rate of return on the OPEB plan investments is determined based on the allocation of assets by asset class and by the mean and variance of real returns.

The target asset allocation and best estimates of expected geometric real rates of return for each major asset class is summarized below:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return*</u>
Fixed Income	30.00%	4.40%
U. S. Large Stocks	38.00%	8.00%
U. S. Mid Stocks	8.00%	10.00%
U. S. Small Stocks	4.00%	11.00%
International Developed Market Stocks	15.00%	9.50%
Cash	5.00%	1.50%
Total	<u>100.00%</u>	

\*Geometric mean, includes 2.5% inflation

**Discount Rate**

The discount rate (also known as the Single Equivalent Interest Rate (SEIR), as described by GASB 74) used to measure the total OPEB liability was 3.97%. Premiums paid to the Public Education Employees’ Health Insurance Board for active employees shall include an amount to partially fund the cost of coverage for retired employees. The projection of cash flows used to determine the discount rate assumed that plan contributions will be made at the current contribution rates. Each year, the State specifies the monthly employer rate that participating school systems must contribute for each active employee. Currently, the monthly employer rate is \$800 per non-university active member. Approximately, 12.990% of the employer contributions were used to assist in funding retiree benefit payments in 2021 and it is assumed that the 12.990% will increase at the same rate as expected benefit payments for the closed group reaching 20.00%. It is assumed the \$800 rate will increase with inflation at 2.50% starting in 2024. Retiree benefits payments for University members are paid by the Universities and are not included in the cash flow projections. The discount rate determination will use a municipal bond rate to the extent the trust is projected to run out of money before all benefits are paid. Therefore, the projected future benefit payments for all current plan members were projected through 2119. The long-term rate of return is used until the assets are expected to be depleted in 2051, after which the municipal bond rate is used.

**Sensitivity of the Dothan City Board of Education’s Proportionate Share of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rates**

The following table presents the Dothan City Board of Education’s proportionate share of the net OPEB liability of the Trust calculated using the current healthcare trend rate, as well as what the net OPEB liability would be if calculated using one percentage point lower or one percentage point higher than the current rate:

	1% Decrease (5.50% decreasing to 3.50% for pre- Medicare, Known decreasing to 3.50% for Medicare Eligible)	Current Healthcare Trend Rate (6.50% decreasing to 4.50% for pre- Medicare, Known decreasing to 4.50% for Medicare Eligible)	1% Increase (7.50% decreasing to 5.50% for pre- Medicare, Known decreasing to 5.50% for Medicare Eligible)

**NOTE 13 – SUBSEQUENT EVENTS**

The date through which subsequent events have been evaluated is June 23, 2023. The financial statements were available to be issued at that time.

On December 8, 2022, the Chairman of the Board executed, in the name of and on behalf of the Board, the \$7,000,000.00 Current Revenue Anticipation Note with SmartBank dated December 8, 2022, which was authorized to be issued by the Board via resolution adopted on December 8, 2022. This note was necessary to address cash flow strain from reimbursable federal expenditures, specifically related to Elementary and Secondary School Emergency Relief Fund (ESSER). A portion of the note was drawn and repaid within one month, and the full balance remains available at June 23, 2023.

On March 21, 2023 the Board accepted and adopted a resolution authorizing the execution and delivery of a direct borrowing agreement with SmartBank of \$681,156.00 for the financing of seven new buses. On March 22, 2023, the Chairman of the Board executed, in the name of and on behalf of the Board, the agreement.

**Changes in Actuarial Assumptions**

Changes to the actuarial assumptions as a result of the experience study for the five-year period ending June 30, 2020 are summarized below.

<u>Assumption</u>	<u>Description</u>
Price Inflation	2.50%
Investment Return	7.00%
Wage Inflation	2.75%
Mortality Rates (Pre-Retirement, Post-Retirement Healthy & Disabled)	Update to Pub-2010 Public Mortality Plans Mortality Tables. For future mortality improvement, generational mortality improvement with mortality improvement scale MP-2020, with an adjustment of 66.67% to the table beginning in year 2019.
Retirement Rates	Decreased rates of retirement in most ages and extended retirement rates at age 80.
Withdrawal Rates	Changed from an age-based table broken down by service bands to a pure service-based table. Used a liability weighted methodology in analyzing rates.
Disability Rates	Lowered rates of disability retirement at most ages.
Salary Increases	No change to total assumed rates of salary increases, but increased merit salary scale by 0.25% to offset the recommended decrease in the wage inflation assumption by 0.25%.

In 2019, the anticipated rates of participation, spouse coverage, and tobacco use were adjusted to more closely reflect actual experience.

**Recent Plan Changes**

Beginning in plan year 2021, the MAPD plan premium rates exclude the ACA Health Insurer Fee which was repealed on December 20, 2019.

Effective January 1, 2017, Medicare eligible medical and prescription drug benefits are provided through the MAPD plan.

The Health Plan is changed each year to reflect the Affordable Care Act maximum annual out-of-pocket amounts.

**Method and Assumptions Used in Calculations of Actuarially Determined Contributions**

The actuarially determined contribution rates in the Schedule of OPEB Contributions were calculated as of September 30, 2018, which is three years prior to the end of the fiscal year in which contributions are reported. The following actuarial methods and assumptions were used to determine the most recent contribution rate reported in that schedule:

Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Percent of Pay
Remaining Amortization Period	23 Years, Closed
Asset Valuation Method	Market Value of Assets
Inflation	2.75%
Healthcare Cost Trend Rate:	
Pre-Medicare Eligible	6.75%
Medicare Eligible*	5.00%
Ultimate Trend Rate:	
Pre-Medicare Eligible	4.75%
Medicare Eligible	4.75%
Year of Ultimate Trend Rate	2026 for Pre-Medicare Eligible 2024 for Medicare Eligible
Optional Plans Trend Rate	2.00%
Investment Rate of Return	5.00%, Including Inflation

\*Initial Medicare claims are set based on scheduled increases through plan year 2019.

**DOTHAN CITY BOARD OF EDUCATION  
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
FOR THE YEAR ENDED SEPTEMBER 30, 2022**

**NOTE 1 - BASIS OF PRESENTATION**

The accompanying Schedule of Expenditures of Federal Awards (the “Schedule”) includes the federal award activity of the Dothan City Board of Education under programs of the federal government for the year ended September 30, 2022. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*. Because the Schedule presents only a selected portion of the operations of the Dothan City Board of Education, it is not intended to and does not present the financial position or changes in net position of the Dothan City Board of Education.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the *Uniform Guidance* wherein certain types of expenditures are not allowable or are limited as to reimbursement.

**NOTE 3 – INDIRECT COSTS**

The Dothan City Board of Education has elected to use the 10-percent de minimis indirect cost rate as allowed in the *Uniform Guidance* for various CARES Act funds.

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Dothan City Board of Education

Dothan, Alabama

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Dothan City Board of Education, as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Dothan City Board of Education’s basic financial statements, and have issued our report thereon dated June 23, 2023.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Dothan City Board of Education’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Dothan City Board of Education’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Dothan City Board of Education’s internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Dothan City Board of Education's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE *UNIFORM  
GUIDANCE***

To the Dothan City Board of Education

Dothan, Alabama

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited the Dothan City Board of Education’s compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the Dothan City Board of Education’s major federal programs for the year ended September 30, 2022. The Dothan City Board of Education’s major federal programs are identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Dothan City Board of Education complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2022.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor’s Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Dothan City Board of Education and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Dothan City Board of Education’s compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Dothan City Board of Education’s federal programs.

## ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Dothan City Board of Education's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Dothan City Board of Education's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Dothan City Board of Education's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Dothan City Board of Education's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Dothan City Board of Education's internal control over compliance. Accordingly, no such opinion expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
